A Brief History

In 1924 High Point College opened as a cooperative venture between the Methodist Protestant Church and the city of High Point. The campus consisted of three partially completed buildings, there were nine faculty members, and student enrollment was 122. Today the University has 43 buildings, is attractively landscaped, the full-time faculty numbers 167, and approximately 3,700 students are enrolled in a wide variety of daytime, evening, and summer programs. Much has changed over the years. Yet the mission of High Point University may still be best expressed in the words of its founders more than six decades ago: “to help us to appreciate and to love our own, to know our needs and opportunities, and to make ourselves more efficient servants of Christ.”

The Methodist Protestant Church, which is now part of The United Methodist Church, first became active in educational pursuits in North Carolina in the middle of the 19th century. Of the various institutions which it sponsored, the most ambitious was Yadkin College, which operated in Davidson County from 1856 to 1895 but failed because of its isolated rural location.

At the turn of the century, the vision of a church-related college was revived by the Reverend Joseph F. McCulloch of Greensboro, who labored for nearly a quarter-century to make it a reality. The Annual Conference finally voted to proceed in 1921. Shortly afterwards it accepted an offer from the thriving city of High Point to contribute 60 acres of land and $100,000 to the project. Classes began in September 1924, even as the finishing touches were still being added to the original buildings.

The atmosphere of confidence that attended the birth of the College ended abruptly with the Great Depression. For many years thereafter, the struggle to survive was a severe one. Faculty salaries were eventually in arrears by as much as fifteen years, while students occasionally paid tuition in chickens, pigs, and vegetables. In 1934 the College underwent bankruptcy and reorganization in an effort to reduce its indebtedness. Yet slowly this situation began to improve. By the end of the decade, library and gymnasium facilities had been added, and (with W.P.A. assistance) an athletic stadium was constructed. Financial stability ultimately returned with the liquidation of the debt in 1945.

The postwar decades brought renewed prosperity and rapid growth. Under the influences of the G.I. Bill and the “baby boom” of the 1940s and 1950s, enrollment more than tripled, with a corresponding increase in staff. The College’s programs received full regional accreditation in 1951. Additional facilities were added in response to this growth in size and professionalism: four residence halls between 1953 and 1968, two classroom buildings, a second gymnasium, an auditorium, a chapel, and a campus center. Crowning the physical expansion was Smith Library, completed in the spring of 1984, with a capacity three times the size of the former facility. The original men’s residence hall was replaced in 1987 with a 221-resident facility. The Millis Athletic/Convocation Center was opened in late 1992 and provides facilities for convocations, physical education, athletic, and health activities. On October 9, 1991, by the action of the Board of Trustees, the name of High Point College was changed to High Point University.

High Point University announced in October 2007 that it was doubling its investment in academic programs, student life, scholarships and construction of new facilities. The university's board of trustees approved doubling the investment in the university from $110 to $250 million over a period of three years. The campus transformation is made possible through gifts, bonds and operating revenues.

High Point University has completed the construction of 14 new buildings and two stadiums, the renovation of 27 structures and the acquisition of 60 acres of land, with the campus now at 145 acres total. New buildings include the Plato S. Wilson School of Commerce, Nido R. Qubein School of Communication, and University Center.
High Point University is accredited by:

- The Commission on Colleges of the Southern Association of Colleges and Schools to award Bachelor's and Master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of High Point University.

- University Senate of The United Methodist Church
- North Carolina State Department of Public Instruction
- National Council for the Accreditation of Teacher Education
- The Commission on Accreditation of Allied Health Education Programs
- The Association of Collegiate Business Schools and Programs
- The Council for Interior Design Accreditation

The University is a member of:

- The National Association of Schools and Colleges of The United Methodist Church
- The American Association of Colleges for Teacher Education
- The Association of American Colleges
- Council for Advancement and Support of Education
- The North Carolina Association of Colleges and Universities
- The Association to Advance Collegiate Schools of Business
- National Collegiate Athletic Association, Division I
- The Council of Graduate Schools
- The Conference of Southern Graduate Schools
- The North Carolina Conference of Graduate Schools
- United States Department of State, Bureau of Diplomatic Security, Overseas Security Advisory Council

The University reserves the right to make changes in the requirements, procedures, courses, fees, and matters of policy announced in this publication without notice or obligation.

High Point University is an equal opportunity institution. Its policy is to recruit, retain, and promote the most outstanding students, faculty, and staff possible, regardless of an individual's race, creed, color, gender, sexual orientation, religion, age, national origin, or handicap. This is done in accordance with the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act.

The University complies with the Family Education Rights and Privacy Act of 1974, as amended, regarding information on file and students' access to their records. Directory information (name, address, class, and major) may be released unless the student requests in writing that his/her information be withheld.

As an implementation of its goals and objectives, the University may invite to the campus speakers whose ideas and expressions may be alien to the philosophy of the University. While the University may not agree with the ideologies expressed, it is our belief that those speakers’ concepts might well be used as learning experiences.
**Mission**

High Point University is a private, liberal arts university affiliated with The United Methodist Church and dedicated to the Judeo-Christian principles of inclusiveness and diversity. The mission of High Point University is to provide vital and distinguished undergraduate and graduate programs that enhance both traditional and non-traditional students’ powers of inquiry, breadth of knowledge, command of written and spoken language, and insight into ethical behavior. This mission is deeply rooted in the liberal arts and is reflected in seven overlapping commitments:

- To foster close communication, both inside and outside the classroom, between motivated students and faculty who are committed to teaching and scholarly activity;
- To blend imaginatively critical thinking, intellectual inquiry, and aesthetic appreciation with a practical need for innovation, skill, and knowledge within professional disciplines;
- To promote the balanced development of students’ cognitive, social, and physical capacities;
- To offer an education, grounded in the development of character, personal responsibility, and a sense of civic duty that prepares students for leadership, citizenship, and service in a diverse global community;
- To provide the opportunity for exploration of faith and humane values within a Judeo-Christian context;
- To contribute to the educational and cultural life of the broader community by offering cultural activities of regional and national interest, and by devoting the resources of the University, the professional skills of the faculty, and the talents of students to local charities, businesses, and other civic groups;
- To maintain a physical environment, including classrooms, libraries, laboratories, and open spaces that support the academic success of students and the professional development of faculty.

In pursuing each of these commitments, High Point University is guided by the principles of intellectual freedom, academic excellence, and ethical rigor, and by the desire to create and enhance an environment conducive to the liberal arts education and professional development of students.

**Norcross Graduate School**

The Graduate School provides leadership in graduate education at High Point University. For students, it provides services that are essential to their admission, progression and graduation.

**Communicating with the Graduate School**

The Graduate School is housed in the Norcross Graduate School building on the campus of High Point University in High Point, North Carolina. The mailing address is Norcross Graduate School, High Point University, Drawer 26, 833 Montlieu Avenue, High Point, North Carolina 27262-3598. Call (336) 841-9198 or send e-mail to grad-apps@highpoint.edu.

**Graduate School Bulletin**

The High Point University Graduate School Bulletin is not intended to state contractual terms and should not be regarded as a contract between the student and the University. The Bulletin represents the requirements, procedures, courses, fees, and matters of policy in effect at the time of publication. High Point University reserves the right to make changes in the requirements, procedures, courses, fees, and matters of policy without notice or obligation; however, notice will be given to students. These changes will govern current and readmitted students. Enrollment of any graduate student is subject to these conditions.

**Graduate Student Responsibility**

Graduate students must assume full responsibility for current knowledge of Graduate School policies, procedures, and deadlines as well as program requirements and regulations.
Graduate admission is required for enrolling in any graduate class. All inquiries, correspondence and materials regarding graduate admission and readmission should be directed to the Graduate School.

Meeting requirements does not ensure acceptance for admission.

**Admission Term**
Program information should be reviewed to determine admission terms.

**Closing Dates for Application Materials**
Program information should be reviewed for closing dates for the Graduate School to receive required application materials.

**Degree Admission**
Degree admission is for students who desire to complete the requirements for a High Point University master's degree. Applicants must have or will complete, prior to starting graduate study, a bachelor's degree (four-year equivalent) from a regionally accredited university. Further, they should have at least a 3.0 GPA on a 4.0 scale. Among factors evaluated in an admission decision are previous academic performance, professional work experience, professional goals relative to the intended program of study, and, if applicable, test scores.

For a degree admission review, these are the application materials. Access www.highpoint.edu/graduate to apply.

- Application form
- Nonrefundable $50 Application Fee, which cannot be waived
- Two Official Transcripts from all colleges attended (including High Point University). For seniors completing requirements for a bachelor's degree, current transcripts toward the degree should be sent.
  - Credential Evaluation. For all work completed in a college outside the United States, a comprehensive evaluation (showing English translation of courses, grades, GPA, degree equivalency, and more) must be sent directly to the Graduate School from an officially recognized credential evaluation agency such as World Educational Services (WES).
- Resume
- Essay that describes reasons for interest in the particular program and how completing the program will assist in meeting career goals
- Reference Reports and/or Principal Recommendation on forms provided by the Graduate School. (See program information for required forms.)
- Interview, if required by the program
- Standardized Testing (e.g., GMAT, GRE, or MAT), if required by the program
- Current Teaching License, if applying to an Education program

**Additional materials required for international applicants**
- Student Profile
- Certificate of Financial Support, which documents the availability of sufficient funds to cover expenses
- Copy of immigration card
- Test of English as a Foreign Language (TOEFL), if required

**Non-degree Admission**
Non-degree admission is for applicants, including High Point University master's degree alumni, who wish to take courses without earning credit in a High Point University graduate program. Access www.highpoint.edu/graduate to apply.

Some courses may not be available to non-degree students and consultation with the program director prior to applying is advised. Students will be allowed to take six semester hours. Materials for non-degree admission review include: (1) application form with a nonrefundable $50 application fee; (2) two official transcripts showing the awarding of the bachelor's degree; (3) resume; and (4) for Education, a current teaching license.

While non-degree students may subsequently apply to pursue a degree, there is no assurance they will be admitted to a degree program. Any application to change from non-degree to degree admission must be submitted and reviewed before the end of the term in which the maximum number of program allowed non-degree hours will be completed. If admitted to a degree program, time spent in non-degree status counts toward the maximum time allowed for earning a degree.

**Applying to Graduate School**
Access www.highpoint.edu/graduate for forms and instructions.
Use of Application Materials
All application materials become the property of the Graduate School and cannot be forwarded or returned or copied at the request of applicants. Materials in incomplete admission folders, (excluding the application and application fee) may be maintained for a period of 12 months from the term of original submission; after this period, all application materials must be submitted again to seek an admission decision.

Inquiry about Application Materials
Applicants may monitor the receipt of their application materials by calling the Graduate School or directing inquiries to grad-apps@highpoint.edu.

Admission Decisions
The Dean of the Graduate School sends written admission decisions to applicants following reviews by program committees.

- **Admission Approved.** To accept admission, the applicant must sign the admission letter and pay a nonrefundable $100 ($200 for international applicants) matriculation deposit. The matriculation deposit is credited to the account of the student for the term of admission and cannot be applied to another term or waived. An offer of admission is good for the designated term only and is cancelled if it is not accepted;

  **Reinstatement of Offer of Admission.** A request may be made to move an offer of admission to the next term. An application fee and a matriculation deposit will be required.

- **Admission Denied.** When admission is denied, an applicant may apply again for a later term.

Transfer of Credit
Graduate credit earned at another institution is not transferred automatically. Students in degree programs, which consider transfer of credit, may submit an application for transfer of credit to the Graduate School during their first term of graduate enrollment. The Application for Transfer of Credit is accessible on the Graduate School web site (www.highpoint.edu/graduate). Only one application for the High Point University course believed equivalent to the proposed transfer of credit may be submitted to the Graduate School; a maximum of two applications may be submitted.

For transfer to be considered, the course work (a) must be completed at an institution accredited as degree-granting by a recognized regional accrediting body for higher education at the time the course work was completed; (b) must be appropriate for fulfilling High Point University degree requirements; (c) must not exceed six semester hours of graduate credit; (d) must have earned “A” or “B” for all hours being transferred; (e) must not have been completed more than five calendar years prior to the request for transfer of credit; (f) must be documented on an official transcript that existed in the Graduate School at the time of the original review for admission; (g) must have been earned through regular instruction not workshops, independent study, portfolio-based experiences, and the like; and (h) must be approved by a student’s program director and the Dean of the Graduate School.

Time Limitation for a Degree
A degree must be completed within five calendar years from the date of the first enrollment in any graduate course. Additional time is not granted for having started in non-degree status. The minimum time for earning a degree may be within two calendar years of the first enrollment in any graduate course. Failure to complete requirements within the time limitation may result in loss of opportunity for the degree.

**Extension of Time Limitation:** A student may request one extension of time for the completion of requirements for a degree. A request for an extension must be finalized before the expiration of the original time limit. If approved, an extension is limited to one term immediately following the expired time limit.

Orientation
All first-time graduate students at High Point University are expected to participate in Graduate Orientation at the beginning of their first term of graduate enrollment. The event is an introduction to University staff, services and policies. It is during Orientation that new graduate students meet program directors, register and pay, and obtain ID cards and parking permits.
Expenses, Financial Assistance & Refunds

Expenses and Financial Assistance
Payment of all tuition and fees is due at the beginning of each term of enrollment. Tuition and fees are in effect from June 1 through May 31. All charges are subject to change without notice.

Tuition
The charge is the same for credit or no credit classes. Charge is determined by the number of hours of registration for the term. Most courses are three hours. The minimum full-time load is nine hours.

• MBA .............................................. $625 per hour; $1875 per three-hour course
• Non-MBA ...................................... $565 per hour; $1695 per three-hour course

Nonrefundable Fees
• Technology .................................. $60 (summer); $120 (each fall and spring)
• Parking (per year) .......................... $85
• Audit ........................................ $937 (MBA student)
• Continuation Classes .................... $937 (MBA student); $837 (Non-MBA student)

For GRD 599 or course numbers that include an “a”

Other Fees
• Graduation ...................................... $80
• Thesis Binding (per copy) ....................... $10

Refunds
Any refund, regardless of reason, is contingent upon students officially dropping a class or officially withdrawing from the University according to policies.

Dropping a Class
Dropping a class is permitted within two business days after the start of the class as the University schedules it. The official process to drop must be completed before the end of the second business day of the University.

• 100% Refund Before the end of the drop period for the class
• No Refund After the end of the drop period for the class

Withdrawing from the University
Any refund is contingent upon students voluntarily removing themselves, through the official process, from the University.

• 100% Refund Before the end of the drop period for any class in which a student is enrolled
• 50% Refund After the end of the drop period for any class in which a student is enrolled and before the second day of any class in which a student is enrolled
• No Refund After the second day of any class in which a student is enrolled

Dismissal or Expulsion from the University
In the event that students are excluded from University facilities and in cases of dismissal or expulsion, any tuition or fees due or paid will not be cancelled or refunded, in whole or in part.
High Point University is an academic community which seeks to be open, just, disciplined, caring, and celebrative. In support of this goal, the University Honor Code and Uniform Conduct Code have been established. For complete information about the University Codes of Conduct, contact the Vice President for Student Life.

**University Honor Code**

University students have the right and responsibility to live and learn in an environment free from fraudulence and dishonesty. Therefore, the Student Government Association has developed the High Point University Honor Code which has been officially adopted in a student referendum and endorsed by the faculty and the Board of Trustees. The Honor Code affirms that:

- Every student is honor-bound to refrain from conduct which is unbecoming of a High Point University student and which brings discredit to the student and/or to the University;
- Every student is honor-bound to refrain from cheating;
- Every student is honor-bound to refrain from collusion;
- Every student is honor-bound to refrain from plagiarism;
- Every student is honor-bound to confront a violation of the University Honor Code;
- Every student is encouraged to report a violation of the University Honor Code.

**Uniform Conduct Code**

Although the University is not a parent, it does expect mature, responsible, adult behaviors both on campus and off. While the University regards each student as a responsible adult, it reserves the right to administer established sanctions, including, but not limited to, dismissal or expulsion from the University, for what the University perceives to be incompatibility with established goals or standards. Furthermore, the University reserves the right to require the withdrawal of any student for behavioral or emotional reasons. In all cases, the University will be guided by principles of charity, fairness, and reason; and the student will enjoy the right of appeal.

In the event that a student is excluded from University facilities and in cases of dismissal or expulsion, any fees due or paid will not be cancelled or refunded, in whole or in part, and neither the University nor any of its officers shall be under any liability for a student’s exclusion.

Students are expected to obey municipal, state, and federal laws. Violations of such laws may be referred to appropriate law enforcement agencies, but the University may also impose disciplinary sanctions.
**Academic Advising**

Program Directors and program-assigned faculty advisors are available to counsel students on issues related to program requirements and scheduling.

**Academic Standing**

- **Academic Good Standing.** A student is in academic good standing with acceptable grades (i.e., A, B, and CR) in completed graduate courses, and a minimum GPA of 3.0 for all graduate courses.
- **Academic Warning.** A student is in academic warning when one grade of “C” is earned or the GPA is below 3.0.
- **Academic Ineligible/Dismissal.** A student will be dismissed from graduate study when: a grade of C is received in two graduate courses; a grade of F is received in one graduate course; comprehensive examinations are failed on the second attempt; oral thesis defense is failed on the second attempt; or the minimal cumulative GPA of 3.0 is not achieved for the number of credit hours required for the degree. All grades earned in graduate courses are considered in the determination of academic dismissal. Only degree-seeking students are eligible to appeal academic dismissal.

**Skipped Term**

Graduate students are expected to have active High Point University graduate student status each term (i.e., Fall, Spring, and Summer) until their program requirements are completed. When students skip High Point University graduate enrollment for two consecutive terms, their academic program may be withdrawn and further registration may be blocked. In addition, the students may forfeit their time limitation for completing degree requirements.

*Readmission:* When an academic program has been withdrawn, continuation is not automatic. Before being allowed to continue, students must submit an application for readmission, pay a nonrefundable fee, and be approved for continuation. If readmission is approved, no additional time is granted for completing a program.

**Active Graduate Student Status**

Current University graduate registration gives a student active graduate student status. When a graduate student does not have current graduate registration, the student is not an active graduate student. Active graduate student status is required for participating in transfer of credit, graduation, thesis, product of learning, comprehensive examinations, defense of thesis, and other Graduate School processes.

**GRD 599.** When an active graduate student status is required, a student may obtain active graduate student status by enrolling in a University graduate course or by enrolling in GRD 599, which is a fee registration without instructional obligation.

**Appealing Decisions**

A student has the right to appeal a decision, but an appeal does not guarantee a change in the decision. Any appeal must be based on evidence that a factual or procedural error was made or that some significant piece of information was overlooked. An appeal must be initiated before the end of the graduate term immediately following the decision. The final appeal for any matter is to the President of the University who may refer the case to the Executive Committee of the Faculty for closure.

An appeal must be in writing, must state the grounds for the appeal, must provide supporting evidence and must be presented in the prescribed sequence to appropriate staff.

- **Grading:** (1) Faculty member who awarded the grade; (2) School Dean; (3) Vice President for Academic Affairs; and (4) President of the University
- **Academic Dismissal:** (1) Dean of the Graduate School; (2) Vice President for Academic Affairs; and (3) President of the University
- **Dismissal or Expulsion for Conduct Reason:** (1) Vice President for Student Life; and (2) President of the University

In the event that a student is excluded from the University facilities and in cases of dismissal or expulsion, any tuition or fees due or paid will not be cancelled or refunded, in whole or in part, and neither the University nor any of its officers shall be under any liability for a student’s exclusion.

**Adding a Class**

Adding a class is permitted within two business days after the start of the class as the University schedules it. The official process to add must be completed by the student and in the Office of the Registrar before the end of the second business day of the University.

**Dropping a Class**

Dropping a class is permitted within two business days after the start of the class as the University schedules it. Any graduate registration is official. The official process to drop must be completed by the student and in the Office of the Registrar before the end of the second business day of the University. If a course is not dropped according to policy, tuition is owed and a failing grade may be assigned to the course.
After the last date to drop a class, students may terminate enrollment by withdrawing from a class.

Withdrawing from a Class
After the drop period, a student may withdraw from a class until the end of the ninth week of the Fall or Spring Semester and until the end of the fifth week in the eight-week Summer Session. A grade of “W” is assigned to a class for which the withdrawal process was completed during the designated period. The official process to withdraw from a class must be completed by the student and in the Office of the Registrar by the deadline. A student who does not complete the official process to drop a class is subject to academic and financial consequences.

Auditing a Class
To audit is to take a course for no credit. Any graduate student may audit a course, but the decision to audit must be made at the time of enrollment. The course professor determines requirements of an audited course. With permission of the professor, students in a degree program may audit a course that is not counted toward credit for a degree. The grade of AU cannot be changed to a credit grade.

Grades
All grades are recorded permanently on a student’s transcript. All grades are calculated in the cumulative GPA. Each credit grade earned at High Point University has quality points assigned.

- A 4 quality points
- B 3 quality points
- C 2 quality points
- F 0 quality points
- IN Incomplete is awarded when an instructor believes a student, due to some justifiable reason, should be permitted to complete the course (except thesis and product of learning) in extended time. Until it is removed, the grade of I is calculated like a grade of F in a student’s GPA. The grade of I may be removed by completion of the deferred requirement by the date specified in a contract written by the course instructor. When the grade of I is not removed by the instructor’s deadline or within 12 months of the semester it was received, the grade of I becomes a permanent grade of F. Once a grade of I becomes a grade of F, the grade of F cannot be changed to a credit grade. A grade of I cannot be removed with a grade of W. A student cannot be approved for graduation with any grade of I.

- CR Credit is awarded to indicate satisfactory completion of certain master’s level course work. The grade of CR earns hours, and there are no attempted hours or quality points. The grade of CR is not considered in the calculation of the GPA.

- NC No Credit is awarded to indicate unsatisfactory completion of certain master’s level course work. Students cannot be approved for graduation until a course with a grade of NC is retaken and earns a grade of CR. The grade of NC does not earn hours, and there are no attempted hours or quality points. The grade of NC is not considered in the calculation of the GPA.

- AU Audit is awarded for enrollment in a course for no credit. The grade of AU cannot be changed to a credit grade.

- W Withdrawal is awarded when there is withdrawal from a course by the specified date. The grade of W is not considered in the calculation of the GPA.

Repeating a Course
Any course with a failing grade must be repeated, if the student is allowed to continue in the program. However, the failing grade is not removed from the student’s transcript and continues to be calculated in the cumulative GPA. Further, any prerequisite course with a grade of NC must be repeated.

Changing Programs
Degree-seeking students can be considered for admission into other degree programs only after they repeat the application process for admission into the desired degree programs. If admitted into the desired degree programs, the original five-year restriction for earning a degree remains in effect and completed hours cannot be transferred to another degree program.

Second Master’s Degree
Students cannot apply credits earned in one master’s degree toward a second master’s degree.
Credit by Examination or for Experience
Graduate credit is not awarded by examination or for work experience.

Directed or Independent Study
No graduate course can be offered as a directed or independent study.

Graduation (Completion of Degree Requirements)
Requirements for a degree may be completed in the Fall (December), Spring (May), and Summer (August). May Session completers file for Summer (August) graduation. A student should apply for graduation in the term all requirements for a degree will be completed. When this is done, the transcript will show the graduation date as occurring in August, December or May.

The graduation application is online at www.highpoint.edu. To apply, the student should download and return the completed form to the Graduate School. It is also the student’s responsibility to pay the graduation fee to Student Accounts before submitting the application to the Graduate School.

Prior to the term in which graduation is anticipated, the student should review both completed and required courses to ensure the expected curriculum has been followed. It is only at the end of the term that a student receives notice that graduation was approved or denied.

To have graduation approved, a student must have: no financial or Library obligation with High Point University; no eligibility for dismissal status; minimum number of hours required by the program; minimum cumulative GPA of 3.0 for all graduate hours; no incomplete grade; completion of any graduate preparatory course work; and completion of all requirements within five years of the first enrollment in any graduate class.

Graduation Denied: Students may not graduate for reasons which include: failing to remove Incomplete grades; failing to complete the required program of study; becoming academically ineligible in the final term of enrollment; and having outstanding University financial or library obligations. When graduation is denied, a student must remove the reason for denial and have active graduate student status when submitting another application for graduation. If graduation is denied because of an Incomplete (I) grade, the student is expected to be enrolled in GRD 599 or another graduate class when applying for graduation again.

Commencement
Commencement is the ceremony where students who have been graduated receive their diplomas. It is held once a year in May. It is for all students who graduated in the previous Summer, Fall and Spring terms. Students who do not graduate cannot participate in Commencement.

At the appropriate time in the Spring Semester, the University publishes all information about Commencement and related graduation events on the High Point University homepage.

Computer Requirement
Students should check with their instructors to determine the need to bring a laptop computer to class and required software.

Student Loads
The minimum full-time load during a semester is nine hours. Any overload must have the prior approval of the appropriate Program Director. International students are required to maintain full-time status.

Withdrawal from the University
Graduate students may voluntarily withdraw from High Point University by completing the withdrawal form, which is available in the Graduate School. A grade of W will be assigned to each course in which there is enrollment when withdrawal occurs during the term.

Readmission. Students may seek to return to the University if sufficient time remains within their original time limit for completing the program. An application, nonrefundable fee, and a review will be required. The decision to readmit is not automatic.

Enrollment in Another Institution
High Point University graduate students are expected to complete all graduate course work at the University. For consideration under very special circumstances, an application to enroll in another institution must be approved by the Dean of the Graduate School and the student’s Program Director.

• The student must have active High Point University graduate student status to submit an application.
• Enrollment in another institution can be sought only for the term following immediately after the term of application.
• An application must be received in Norcross Graduate School by the last date to withdraw from a High Point
University course in the term immediately prior to the intended enrollment in another institution.

- Only one course can be submitted per application to enroll in another institution.
- All hours to be completed at another institution must be equivalent to the number of semester hours for the High Point University course.
- If approved to enroll in another institution,
  - the student must have active graduate student status at High Point University at the same time there is enrollment in another institution;
  - the total semester hours of enrollment at both High Point University and another institution may not exceed a High Point University regular graduate full load for the term;
  - enrollment in another institution must occur for the course and term specified in the application; and
  - the student must have an official transcript of course work taken in another institution submitted to the Graduate School. If graduating, the official transcript must be received one week before the date graduating students’ grades are due in the Office of the Registrar.

Credit toward a Degree

Students may not enroll in courses outside of their program of study for credit toward their degrees. Credit toward the degree is earned only in those courses that carry the program-required prefix and number.

Comprehensive Examinations

When a program requires comprehensive examinations, students must meet the standards established by the program. Students may have a maximum of two attempts to pass the examinations. If failure occurs on the first testing, a student may retake the examination(s) a second and final time in the next term.

Product of Learning

Before enrolling in a product of learning course, students must consult with their Program Director. Students must enroll each term until all requirements of the product of learning are completed. The grade of IN is awarded while work is in progress. The grade of CR is awarded when the requirements are satisfied.

Thesis

Before enrolling in any thesis course, students must consult with their Program Director. Students must enroll each term until all thesis requirements are completed. The grade of IN is awarded while work is in progress. The grade of CR is awarded when the thesis is approved by and accepted into the Graduate School.

- **Thesis Manuscript**: A thesis manuscript is organized and written under the supervision of a Thesis Committee, which includes a Chair and Members. It should exemplify excellence in content and format and follow Graduate School guidelines.
- **Thesis Defense**: A thesis defense should be scheduled only after the written manuscript is approved by the student’s Thesis Committee. The student has two attempts to pass the oral defense of the thesis. If the student fails the first defense, a second and final defense may occur in the next term.
- **Acceptance of the Thesis into the Graduate School**: Before thesis requirements can be considered satisfied, the manuscript must be approved by and accepted into the Graduate School.

Minimum Class Size

The University reserves the right to cancel any class that does not have adequate enrollment. Generally, six or more students are required in a class.

Weather Cancellation of Classes

Decisions regarding evening programs are made independently of the day program. Announcements of class cancellations are made as early as possible on the weekday in question. Announcements are made on the High Point University home page and are sent to their University e-mail accounts.
Bookstore
The campus bookstore is located on the second floor of the Slane University Center. Contact is 336-841-9221 or bookstor@highpoint.edu.

Financial Assistance
Student FAFSA loans to support graduate education are managed through Student Financial Services, which is located on the second floor of Roberts Hall. Contact is 336-841-9124.

Office of Information Technology
The Office of Information Technology (IT) oversees all electronic systems and services including data and voice networks, the campus phone system, internet access, MyStuff, the campus-wide wireless network and Blackboard. The IT Office provides access information and email accounts. Contact is 336-841-4357 or helpdesk@highpoint.edu.

- **MyStuff.** Students have electronic access to their information such as grades, transcripts, online registration and other information related to their academic lives through MyStuff, an online service.
- **E-mail Account.** Students are provided free High Point University e-mail accounts, which the Graduate School uses as the primary channel of communication to graduate students.

Security Department
The Security office is located in the front of the Slane University Center in the lower level of the McInnis Hall. Security Officers provide safety coverage 24 hours a day 7 days a week. Contact is 336-841-9111 for an emergency and 336-841-9112 for non-emergency issues.

- **HPU Passport.** The HPU Passport is an identification card that allows students access to buildings and into events. The Passport is created in the Security office. Registering continuously and ahead of time for each term ensures that the Passport remains active allowing access to buildings.

- **Parking.** For graduate students who attend classes or use the library on the main campus, there is an $85 cost to park on campus; this covers the first two decals per academic year. There is a $25 administrative fee for the third and subsequent decals issued during an academic year.

  Vehicle registration begins online at [http://community.highpoint.edu](http://community.highpoint.edu). Then registration is completed by obtaining the parking decal at the Security/Transportation Department, located in McInnis Hall. Contact is 336-841-9112.

Smith Library
Smith Library is the center of learning on the High Point campus. It houses a wide array of resources that are available to students, faculty and staff. The Library offers both a large in-house and on-line book collection as well as magazine and journal titles. There is off campus access to all e-resources. The Library provides wireless access. It provides public computers and a variety of spaces for the instructional/learning needs of students. Contact is 336-9101 or reference@highpoint.edu.

Web Registration
Registering, this includes dropping and adding, is online and is managed through the Office of the Registrar. Schedules of course offerings are published on the Registrar's website, [www.highpoint.edu/registrar](http://www.highpoint.edu/registrar). Contact is 336-841-9205.

Tobacco-Free Environment
High Point University is a tobacco-free campus. This policy prohibits tobacco use across campus including inside and outside of buildings, patios and walkways, parking lots, university owned properties, inside vehicles, and any and all other areas of campus. No one is allowed to sell or discard tobacco-related products on campus.
The M.B.A. offers a practical, leading edge professional graduate business education that emphasizes data-driven decision-making, communication skills, and global issues. In the classroom, current business knowledge is delivered through the use of case studies, simulations, and a variety of projects. Teaching emphasis and excellence are recognized by the ACBSP (Association of Collegiate Business Schools and Programs) accreditation. The School of Business is a member of the AACSB (Association to Advance Collegiate Schools of Business). The M.B.A. consists of 11 graduate courses (33 semester hours), which may be completed within 21 months.

**Admission Term:** Fall (August) only

**Priority Closing Date for Application Materials:**
Applications receive primary consideration when completed by the priority deadline of March 31. After the deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

**Application for Admission:** Applicants must have a four-year bachelor's degree from a regionally accredited college and an acceptable GPA (3.0 or higher on a 4-point scale). An admission decision takes into consideration the applicant's GPA, completed course work, professional work experience, personal and professional goals for the degree, as well as the information provided by references.

Required materials include: (1) application with a nonrefundable $50 application fee; (2) two official transcripts from all colleges attended (including High Point University); (3) resume; (4) essay about interest in the program and goals for the degree; (5) three reference reports on form provided; and (6) GMAT, if applicable.

**Transfer of Credit:** The MBA program does not accept transfer of credit. All credit toward the degree must be earned in High Point University courses.

**Class Times:** 6:00 pm – 9:00pm

**Prerequisite Courses:** Three hours each of accounting and economics are required. If needed, these courses are offered at the graduate level. When taken after graduate admission, the courses constitute additional semester hours that must be completed beyond those required for the degree.

**Common Professional Courses:** These are one-hour courses in areas that include: management, marketing, international business, management information systems, business law, business ethics, statistics, finance, and strategic management. Needed courses are identified during the admission review and are included in a student’s individualized M.B.A. program of study, which accompanies an offer of admission; they are offered at the graduate level.

**Program of Study (33 semester hours)**
- ACC 513 Managerial Accounting
- BUA 503 Communications for Managers
- BUA 531 The Legal and Regulatory Environment of Business
- ECO 509 Managerial Economics in a Global Economy
- FIN 533 Financial Markets and Corporate Strategy
- MGT 502 Leadership and Organizational Behavior
- MGT 529 Global Supply Chain and Operations Management
- MGT 575 Strategic Management
- MIS 540 Information Systems in Practice: Managerial Challenges and Opportunities
- MKT 511 Marketing in a Global Economy
- PHL 501 Managerial Ethics

**Graduate Management Admissions Test.** The GMAT is required for applicants who have a cumulative GPA that is less than 3.6 or have less than seven years of significant professional experience; the High Point University GMAT Code is ZZG5V04. Applicants who believe they qualify for GMAT waiver should present this in a written statement, which becomes part of the application materials submitted to the Graduate School.
M.B.A. Course Descriptions

Prerequisite Courses

MBA 500 Foundations of Accounting (3)
An accelerated and in-depth introduction to the conceptual foundations and practices of financial and managerial accounting. This course is designed to show students the relationship of the cost function to other accounting and organizational functions, and to increase the understanding of costs and cost behavior. Topics include cost information for planning and control, determining the cost of a product or service, analyzing the balance sheet, income statement, statement of cash flows, and the statement of equity to make better managerial decisions. MBA 500 must be completed before enrolling in ACC 513.

MBA 501 Foundations of Economics (3)
A study of the combined elements of Macro and Micro Economic Analysis for graduate students with no background in Principles of Economics. This is an accelerated course designed to provide students with an understanding of economic concepts necessary to continue graduate level courses requiring both Macro and Micro Economics. MBA 501 must be completed before enrolling in ECO 509.

Common Professional Courses (CPC)

MBA 502 Foundations of Management (1)
Business foundation course to provide preparatory coursework in management

MBA 503 Foundations of Marketing (1)
Business foundation course to provide preparatory coursework in marketing

MBA 504 Foundations of International Marketing (1)
Business foundation course to provide preparatory coursework in marketing and/or international business

MBA 505 Foundations of Management Information Systems (1)
Business foundation course to provide preparatory coursework in management information systems

MBA 506 Foundations of Business Law and Ethics (1)
Business foundation course to provide preparatory coursework in business law and ethics

MBA 507 Foundations of Statistics (1)
Business foundation course to provide preparatory coursework in business statistics

MBA 508 Foundations of International Management (1)
Business foundation course to provide preparatory coursework in management and international business

MBA 509 Foundations of Finance (1)
Business foundation course to provide preparatory coursework in finance

MBA 510 Foundations of International Business (1)
Business foundation course to provide preparatory coursework in international business

MBA 511 Foundations of Strategic Management (1)
Business foundation course to provide preparatory coursework in strategic management

Core Courses

ACC 513 Managerial Accounting (3)
A course emphasizing basic accounting techniques and their use in preparing and analyzing financial statements and in making managerial decisions. This course will show the relationship of the cost function to other accounting and organizational functions. Students will acquire an understanding of costs and cost behavior as well as acquiring the skills to use cost information for planning and control decisions. Prerequisite: MBA 500 or undergraduate or graduate equivalent.

BUA 503 Communications for Managers (3)
This course is designed to examine and improve the communications skills of managers. The course will focus on issues in communication essential to effective leadership in business settings and will include both verbal and nonverbal forms of communication. Special attention is given to crisis communications, reputation management, practical communication principles and theories applicable in real world settings, everyday communications in the modern business environment – including written and oral interactions, the development of critical thinking skills and the development of understanding of language for building and maintaining corporate integrity.

BUA 531 The Legal and Regulatory Environment of Business (3)
The primary purpose of this course is to help managers understand the maze of government regulations. After an introduction to the basics of administrative law, students will cover areas of regulation including labor and employment law, environmental law, securities regulation, and antitrust law. Students will also study intellectual property law and legal issues relating to consumer protection, commercial speech, and the regulation of advertising.
M.B.A. Course Descriptions

High Point University | Norcross Graduate School

ECO 509 Managerial Economics in a Global Economy (3)
A study of how economics helps managers make better decisions. An emphasis is placed on forecasting an organization's sales through tools such as regression analysis. Other topics include how organizations can optimize their production decisions, manage their costs, and respond profitably to regulation and deregulation. Throughout the course, the effects of globalization and global economic policies are discussed. Prerequisites: MBA 501 or undergraduate or graduate equivalent.

FIN 533 Financial Markets and Corporate Strategy (3)
This course integrates capital structure and corporate financial decisions with corporate strategy. It looks at financial decision making with the objective of understanding its relation to corporate strategy. An integral area is the understanding of financial markets and valuation and learning how to carry this understanding to real domestic and global decisions. This course addresses other important issues facing financial managers such as allocating capital for real investments, financing the firm, knowing whether and how to hedge risk, and allocating funds for financial investments.

MGT 502 Leadership and Organizational Behavior (3)
A course designed to improve leadership skills of managers. Students will explore how to develop a high performing organization through the study of leadership theory and practices, organization culture, motivation, decision-making, and group behavior.

MGT 529 Global Supply Chain and Operations Management (3)
Operations and supply chain management are the means through which a firm's strategic plans are effectively realized. Typically, the vast bulk of a company's people and assets are engaged in operations of one sort or another. Managing operations means dealing with products and services. This course will sharpen participants' insights to the impact of corporate decisions on operations and supply chain management through data analysis, case studies, and development of a publishable paper. Prerequisites: significant content coverage in statistics. Co-requisite: ECO 509 or MBA 507 or undergraduate or graduate equivalent.

MGT 575 Strategic Management (3)
This is the capstone course in the MBA program. Strategy development and implementation will be examined. This course will sharpen participants' insights to the complexity of strategy formulation and execution through executive decision making in a global environment, development of business plans, and case studies. Recommended Pre/Co-requisites: ECO 509, FIN 533, MGT 529, and MKT 511.

MIS 540 Information Systems in Practice: Managerial Challenges and Opportunities (3)
The course addresses contemporary information systems implementation, operations, and management issues. Students will consider how information technology can be used to achieve business goals and leverage information for competitive advantage.

MKT 511 Marketing in a Global Economy (3)
This course emphasizes development of sound marketing strategies within a global context. Product, promotion, price, and distribution decisions will be examined within the constraints of cultural, political, and economic settings that confront multinational enterprises.

PHL 501 Managerial Ethics (3)
Recognition of and response to ethical issues, which occur in managerial settings. Case studies will be used to stimulate reflection on individual and societal moral values and to help students identify recurring problems of values arising in their managerial settings. The seminar focuses also on how ethical issues arise in the practice of management and how the use of ethical theory can be employed to clarify these issues.
The Educational Leadership program prepares experienced K-12 teachers to serve as educational leaders. It is intended to relate to the needs of educators in both theory and practice. It is designed for candidates who have a baccalaureate K-12 teaching license and at least three years of successful public/private school experience. The program requires 36 semester hours including six in internships. In order to be licensed by the state, candidates must make a satisfactory score on the School Leaders Licensure Assessment administered by the Educational Testing Service. The curriculum provides: foundations in the principles and procedures of educational administration, curriculum development, and instructional improvement; capability to implement and evaluate models of instruction and methods of supervision in the classroom and other school settings; competence to evaluate classroom teachers within an academic environment; capacity to interpret and implement educational research in the total school program; and capability for service as instructional and educational leaders.

**Admission Terms:** Fall (August); Spring (January); Summer (June)

**Priority Closing Date for Application Materials:**
Applications receive primary consideration when completed by the priority deadline: March 15 for Summer; April 15 for Fall; and November 15 for Spring. After a deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

**Admission Decisions:** Rolling.

**Application for Admission:** Applicants must have a four-year bachelor’s degree from a regionally accredited college and an acceptable GPA (3.0 or higher on a 4-point scale). An admission decision takes into consideration the applicant’s GPA, completed course work, professional work experience, personal and professional goals for the degree, as well as the information provided by references.

Required application materials include: (1) application with a nonrefundable $50 application fee; (2) two official transcripts from all colleges attended (including High Point University); (3) resume; (4) essay about interest in the program and goals for the degree; (5) two reference reports on form provided; (6) one Principal Recommendation on form provided; (7) copy of current teaching license; and (8) GRE or MAT, if applicable.

**Prerequisite Work:** None

**Class Times:** 4:30 pm – 7:30 pm

**Program of Study (36 semester hours)**

**Core Courses (15 semester hours)**
- EDU 505 Advanced Instructional Technology for the 21st Century
- EDU 502 Curriculum Development
- EDU 503 Methods of Educational Research
- EDU 504 Trends and Issues in Education
- EDU 531 Multicultural Education in Diverse Society

*At least nine hours of core courses must be completed prior to beginning the specialty area sequence.

**Specialty Area (21 semester hours)**
- EDU 510 Educational Leadership
- EDU 511 Introduction to School Administration and the Principalship
- EDU 512 School Law and Ethics
- EDU 513 School Budgets, Finance, and Facilities
- EDU 515 Supervision of Instruction
- EDU 590 Internship and Seminar I
- EDU 591 Internship and Seminar II

**License Option:** Students who complete the High Point University M. Ed. in Special Education with a Concentration in Mental Disabilities along with the following three specialty area courses in the M. Ed. in Educational Leadership program are eligible to add the license for Exceptional Children Program Director upon successful completion of the Educational Leadership: Administration and Supervision Praxis Exam.

**Required Courses for License Option:**
- EDU 510 Educational Leadership
- EDU 513 School Budgets, Finance, and Facilities
- EDU 515 Supervision of Instruction

**Graduate Record Examination (GRE) or Miller Analogies Test (MAT):** Testing is required for applicants who have a bachelor’s degree GPA that is less than 3.0. The High Point University GRE Code is 5293; the MAT Code is 1584.
The Elementary Education program builds on the most current body of knowledge of best practice and practical expertise (theory and practice) relevant in teaching grades K-6. The program is designed for candidates who have a baccalaureate K-6 teaching license or who will receive a K-6 teaching license before the end of the first term of graduate enrollment. The program of study emphasizes literacy education. The Praxis II Reading Specialist Exam may be taken by individuals wishing to add the Reading Specialist License onto their existing license once the literacy concentration has been completed. The program requires comprehensive examinations and 36 semester hours (i.e., professional core, instructional courses, and a capstone thesis or product of learning experience).

**Admission Terms:** Fall (August); Spring (January); Summer (June)

**Priority Closing Date for Application Materials:**
Applications receive primary consideration when completed by the priority deadline: March 15 for Summer; April 15 for Fall; and November 15 for Spring. After a deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

Elementary Education Fifth Year Program (for High Point University students majoring in Elementary Education)

Juniors at High Point University who are majoring in Elementary Education may apply during their junior year to the Elementary Education Fifth Year Program. Upon acceptance, students take specified course work during the senior year that completes bachelor’s degree requirements; course work taken during the senior year counts as credits in the undergraduate program. When the students apply and are admitted into the Graduate School after earning a bachelor’s degree and follow the Fifth Year Program of Study, which emphasizes literacy education, credits will be assigned to the completed graduate course work to fulfill requirements for the Master of Education in Elementary Education.

EDU 501 Advanced Educational Psychology (3)
An examination of contemporary educational psychology issues, which have elicited sharply divergent responses from scholars and practitioners. Candidates will be encouraged to review evidence to support opposing positions, evaluate implications, and to investigate the fallacies of their own reasoning with regard to theories of student development, cognition, learning, and behavior.

EDU 502 Curriculum Development (3)
Curriculum analysis, using the North Carolina Standard Course of Study as a guide. The processes, strategies, and techniques used to produce the state curriculum will be discussed. Methods appropriate for assessing individual learning needs in this performance-based curriculum will be presented and classroom practices for meeting these needs will be introduced and practiced.

EDU 503 Methods of Educational Research (3)
An examination of current research design methodologies, which are relevant to the field of education. Exploration of quantitative and qualitative approaches will be presented as candidates learn how to evaluate published research for relevance, credibility, and generalization. Data analysis using technology such as SPSS will be introduced. Offered Fall only

EDU 504 Trends and Issues in Education (3)
Discussion of current trends and issues in education and the historical foundations, which have influenced them. Candidates will examine such issues as school violence, legal issues, parental support, technology, assessment and school funding. Candidates will do an in-depth study of a current issue and make a presentation to the class, which will be followed by class discussion and/or debate.

EDU 505 Advanced Instructional Technology for the 21st Century (3)
A core course that focuses on the integration of technology in the 21st Century classroom and addresses the NETS standards for teachers and administrators. Emphasis will be placed on Web 2.0 strategies including blogs, wikis, and podcasts as well as the creation of webquests, websites, and integrated presentations. The use of assistive technology in creating meaningful learning experiences for all students will be explored.

EDU 510 Educational Leadership (3)
Study of the principles of organizational leadership, including trait and situational theory, emphasizing these principles through case studies and field vignettes.

EDU 511 Introduction to School Administration and the Principalship (3)
Study of the governance of public education including an overview of line authority, instructional leadership, school organization, and extracurricular activities. An introduction to the role of the principal or an instructional leader, personnel manager, and student advocate.

EDU 512 School Law and Ethics (3)
An introductory course in school law relating to the operation of public schools. Emphasis is placed on the constitutional and statutory rights of students and teachers, privacy issues, legal and ethic use of technology, intellectual property rights, the role of legislatures, recent court decisions resulting in school regulations, and methods of studying the law.

EDU 513 School Budgets, Finance, and Facilities (3)
An overview of the financial issues of a school is presented. Emphasis is on the development of a budget, sources of funding, policies involving use of school funds, auditing, and financial accountability. A comparative study of the school plant, design and maintenance of educational facilities, and related issues is included. Offered Summer only

EDU 515 Supervision of Instruction (3)
An analysis of practices and problems related to instructional improvement and supervision. Special emphasis is placed on such topics as the principles of supervision, effective staff development, evaluation of instruction, teacher performance appraisal, curriculum reform, and the integration of technology. Offered Spring only

EDU 528 Literature for Children and Adolescents (3)
Identify criteria for evaluating and selecting quality children’s and young adult literature in the various narrative and information genres, including multicultural and international literature. Describe and develop theories of response to literature that integrate the language arts and technology. Critically examine the characteristics of successful literature programs. Research and evaluate the life, creative process and published works of an author or illustrator from a parallel (minority) culture in children’s or young adult’s literature. Offered Fall only

EDU 529 Literacy Across the Curriculum (3)
Examine necessary conditions of content area literacy learning, assess text difficulty and match text to readers, plan and implement pre-reading, reading, and post-reading instructional strategies for fostering literacy. Assessment used to drive comprehension, vocabulary, and study skills instruction in middle and secondary content-area classes. Offered Spring only
EDU 531 Multicultural Education in Diverse Society (3)
This course examines the diversity found in today's school community. Students will explore the multicultural nature of contemporary classrooms and will gain a better understanding of those learners' behaviors in relation to the mores of a public school education. Through class seminars and in-school projects, participants will develop strategies and materials for helping diverse learners to be more successful in school. Ethnic groups represented in schools will be studied with a historical, political, and societal focus. Topics that will be addressed include language, disability, gender, ethnicity, race, and socioeconomic status.

EDU 532 Foundations of Reading Instruction (3)
An examination of the social, cognitive and linguistic foundations of literacy development. Students will have a critical reading of professional literature to articulate and support a philosophy of literacy development, which emphasizes the interrelatedness of the language arts for English proficient and potentially English proficient students. There will be demonstrations of varied instructional and management strategies to develop print rich classroom environments and to teach and support children's efficient use of the syntactic, semantic, graphophonemic and pragmatic cue systems and understanding of story. North Carolina Standard Course of Study, national standards in reading instruction. Research and field experience required. Offered Fall only

EDU 534 Integrating Instruction in the Elementary School (3)
Examination of methods, processes, and procedures for planning and implementing integrated lessons and units into the elementary classroom. The North Carolina Standard Course of Study, the Internet, and other resources will be utilized by candidates for developing and implementing integrated units for use in their classrooms.

EDU 535 Diagnosis and Assessment in the Teaching of Reading (3)
Procedures to assess a reader's definition of reading, attitudes, interests, use of cue systems, reading strategies and understanding of text. Evaluation of data to select, apply and modify instructional strategies. Use of assessment strategies for ongoing, systematic evaluation, diagnosis and instruction. Recording summaries of assessment data on graphic profiles and in written reports to communicate with parents, students and other educators. To become a reflective practitioner using inquiry-based professional growth and improved instruction. Research, student analysis, field experience required. Strategies for NC End of Grade tests. Prerequisite: EDU 532: Foundations of Reading Instruction. Offered Spring only

EDU 536 Foundations of Writing Instruction (3)
Examination of process writing models, stages for encouraging writers to select, draft, revise, share, edit, and publish topics within a variety of genre. Strategies, use of literature for children and adolescents for establishing criteria of good writing demonstrated and evaluated. Writer's workshop, effective use of authentic reasons for writing, time, mini-lessons, teacher conferences, collaborative student revisions and editing groups. Strategies for teaching phonics, spelling, and grammar in context. Strategies for preparing for NC writing tests. Websites for supporting young writers and publishing their texts. Lesson/Unit planning. Research required. Offered Fall only

EDU 540 Social Studies in Elementary Education (3)
Review of research relative to social studies education in grades K-6. Findings will be related to current classroom practice. The North Carolina Standard Course of Study in social studies will be reviewed and used for the development of materials for the classroom.

EDU 550 Science in the Elementary School (3)
Review of research relative to science education in grades K-6. Findings will be related to current classroom practices. The North Carolina Standard Course of Study in science will be reviewed and used for the development of materials for the classroom.

EDU 551 Advanced and Assistive Technology for Special Needs Populations (3)
Examination of a variety of low and high levels of assistive technology and augmentative communication devices. Building on this knowledge, participants will learn how to enhance instruction, assessment, accommodations, communications, and administrative duties. Collaboration with available community and school resources in conducting assistive technology assessment will be emphasized.

EDU 552 Mathematics in the Elementary School (3)
Review of research relative to math education in grades K-6. Findings will be related to current classroom practices. The North Carolina Standard Course of Study in math will be reviewed and used for the development of materials for the classroom.

EDU 553 Assessment and Instructional Planning for Students with Mental Disabilities (3)
An investigation of the formal and informal assessment strategies used in the diagnosis and instructional planning for individuals with mental disabilities. Emphasis is placed on designing assessment strategies that lead to the implementation of instructional plans within the school and community setting.

EDU 554 Curriculum Development for Students with Mental Disabilities (3)
Students will expand on their knowledge of the North Carolina Standard Course of Study and its extensions by developing skills in the areas of planning and lesson design. Emphasis will be placed on developing and using IEPs, ITPs, and IFSPs within the academic and functional curricula.
EDU 555 Occupational and Transition Programs for Secondary Students with Mental Disabilities (3)
Students will examine the strands and goals of the North Carolina Occupational Course of Study as well as all rules and regulations governing students preparing for and entering the workforce. Students will develop transition plans and discuss methods to involve the student, family, and future employers in meeting the four areas addressed in IDEA.

EDU 556 Instruction of Students with Mental Disabilities (3)
Students will expand on their knowledge of the structure of literacy (reading, writing, speaking, and listening) and numeracy (mathematical application) and apply that knowledge through demonstration of task analysis, implementation of strategies across the curriculum, and differentiation of instruction (including service learning, community-based instruction, direction instruction, and cooperative learning).

EDU 557 Legal and Ethical Issues in Special Education (3)
An in-depth examination of the historical perspectives of mental retardation including past and current research, theories, and issues related to causation. Relevant legislation will be addressed both historically and currently within the sociopolitical environment. Ethical issues will include self-advocacy, and collaboration among professionals, parents and community.

EDU 558 Multisensory Teaching of Reading to Students with Disabilities (3)
Instruction in the teaching of reading to students with persistent reading problems. Based on the National Reading Panel report of empirical research on the best practices of teaching reading, this course will provide an in-depth study of multisensory strategies.

EDU 590 Internship and Seminar I (3)
Opportunities for practical applications of administrative techniques in a setting related to the candidate’s professional aspirations. The internship is under the supervision of a High Point University faculty member with the program and a licensed public school administrator. A minimum of 150 hours of fieldwork is required. To receive credit for enrollment in EDU 590, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 590a until all requirements are met. Prerequisites: Departmental approval prior to enrollment, and completion of at least 12 graduate hours.

EDU 590a Internship and Seminar I Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 590.

EDU 591 Internship and Seminar II (3)
Continued opportunities for practical applications of administrative techniques in a setting related to the candidate’s professional aspirations. The internship is under the supervision of a High Point University faculty member with the program and a licensed public school administrator. A minimum of 150 hours of fieldwork is required. To receive credit for enrollment in EDU 591, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 591a until all requirements are met. Prerequisites: EDU 590, Departmental approval prior to enrollment, and completion of at least 12 graduate hours.

EDU 591a Internship and Seminar II Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 591.

EDU 592 Clinical Internship in Special Education (3)
Opportunities of practical applications of the legal, programmatic, and instructional issues relevant to the field of special education. The internship is under the supervision of a High Point University faculty member and a licensed public school program facilitator in special education. A minimum of 150 hours in the field is required. To receive credit for enrollment in EDU 592, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 592a until all requirements are met. Prerequisites: Departmental approval prior to enrollment and completion of at least 12 graduate hours. Additional Required Fee: $100.

EDU 592a Clinical Internship in Special Education I Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 592.

EDU 593 Clinical Internship in Special Education (3)
Continued opportunities of practical applications of the legal, programmatic, and instructional issues relevant to the field of special education. The internship is under the supervision of a High Point University faculty member and a licensed public school program facilitator in special education. A minimum of 150 hours in the field is required. To receive credit for enrollment in EDU 593, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 593a until all requirements are met. Prerequisites: EDU 592, Departmental approval prior to enrollment, and completion of at least 12 graduate hours.

EDU 593a Clinical Internship in Special Education I Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 593.
EDU 594 Supervised Practicum in Literacy Instruction (3)
A culminating, supervised semester long literacy practicum in the teacher's classroom. The purpose of the course is to provide each teacher with the opportunity, at the beginning of the semester to establish classroom conditions that support student learning through the systematic and purposeful integration of the instructional, assessment and organizational strategies introduced during the program of study. Theories, materials, and strategies introduced during the program are applied in the classroom. Teachers are supervised and attend seven seminars focused on supporting each teacher's efforts to effectively implement classroom literacy instruction and assessment.

Co-Requisite: EDU 503: Methods of Education Research

EDU 595 Product of Learning (3)
Through collaboration with a faculty member, development of a creative project that relates to elementary education, grades K-6. The project must demonstrate the candidate's professional ability to develop and implement curriculum. This is a non-thesis project, which should include a multimedia presentation to graduate faculty and candidates. An alternative product focuses on developing and submitting the portfolio required for National Board Certification. This is the first required enrollment for credit, if pursuing the degree under the product of learning plan. To receive credit for enrollment in EDU 595, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 595a until all requirements are met. Prerequisites: Departmental approval prior to enrollment and completion of at least 12 graduate hours.

EDU 595a Product of Learning Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 595.

EDU 596 Product of Learning (3)
Through collaboration with a faculty member, development of a creative project that relates to elementary education, grades K-6. The project must demonstrate the candidate's professional ability to develop and implement curriculum. This is a non-thesis project, which should include a multimedia presentation to graduate faculty and candidates. An alternative product focuses on developing and submitting the portfolio required for National Board Certification. This is the second required enrollment for credit, if pursuing the degree under the product of learning plan. To receive credit for enrollment in EDU 596, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 596a until all requirements are met. Prerequisites: Departmental approval prior to enrollment and completion of at least 12 graduate hours.

EDU 596a Product of Learning Continuation (0)
Required fee course registration for a student who needs additional time to complete product of learning requirements. Prerequisites: EDU 595 and EDU 596.

EDU 598 Thesis (3)
Through collaboration with a faculty member, development and fulfillment of an organized research study relative to an issue in elementary or special education. Upon completion of the study, the student will defend the research in an oral presentation to the graduate faculty and candidates. This is the first required enrollment for credit, if pursuing the degree under the thesis plan. To receive credit for enrollment in EDU 598, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 598a until all requirements are met. Prerequisites: Departmental approval prior to enrollment and completion of at least 12 graduate hours.

EDU 598a Thesis Continuation (0)
Required fee course registration for a student who needs additional time to complete EDU 598.

EDU 599 Thesis (3)
Through collaboration with a faculty member, development and fulfillment of an organized research study relative to an issue in elementary or special education. Upon completion of the study, the student will defend the research in an oral presentation to the graduate faculty and candidates. This is the second required enrollment for credit, if pursuing the degree under the thesis plan. To receive credit for enrollment in EDU 599, a student must satisfy all School of Education requirements for the course. Students who need additional time to fulfill course requirements must register for EDU 599a until all requirements are met. Prerequisites: EDU 598, Departmental approval prior to enrollment, and completion of at least 12 graduate hours.

EDU 599a Thesis Continuation (0)
Required fee course registration for a student who needs additional time to complete thesis requirements. Prerequisites: EDU 598 and EDU 599.
The graduate curriculum for Nonprofit Management is interdisciplinary and includes a knowledge base and perspectives from various areas such as economics, accounting, sociology, psychology, political science, communications, ethics and law. Further, it provides a generic, foundational knowledge of management and leadership in organizations, as well as knowledge and skills that are specific to nonprofit organizations, their structure, organizational processes and the various cultural, economic and legal environments in which they function. The curriculum focuses on the content areas of Contextual and Theoretical Studies, Resource Development, Resource Management, and Information Systems and Management.

**Admission Term:** Fall (August) only

**Priority Closing Date for Application Materials:** Applications receive primary consideration when completed by the priority deadline: March 15 for Summer; April 15 for Fall; and November 15 for Spring. After a deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

**Admission Decisions:** Rolling.

**Application for Admission:** Applicants must have a four-year bachelor's degree from a regionally accredited college and an acceptable GPA (3.0 or higher on a 4-point scale). An admission decision takes into consideration the applicant's GPA, completed course work, professional work experience, personal and professional goals for the degree, as well as the information provided by references.

Required application materials include: (1) application with a nonrefundable $50 application fee; (2) two official transcripts from all colleges attended (including High Point University); (3) resume; (4) essay about interest in the program and goals for the degree; (5) three reference reports on form provided; and (6) GRE, if applicable.

Graduate Record Examination (GRE). Testing is required for applicants who have a bachelor’s degree GPA that is less than 3.2. The High Point University GRE Code is 5293.

**Class Times:** 6:00 pm – 9:00pm
NPO 500 Introduction to the Nonprofit Sector (3)
Examination of the social and historical context of nonprofit organizations, their origins, development, and contemporary challenges. The diversity of this sector is analyzed to understand the scope, functions, and underlying issues common to all organizations and their relationship to the private and government sectors. The course also introduces students to the evolving body of scholarship and theoretical concerns regarding organization role and functions and examines the issues that will impact the future of this sector.

NPO 503 Marketing and Public Relations (3)
Examination of basic marketing principles, theories and practices as they apply to nonprofit organizations. Topics considered are: strategies for best communicating the purpose, program, and outcomes of a nonprofit organization to various publics; publicity; theories of communications; and marketing strategies to position the organization in particular community contexts. Special emphasis is given to social marketing and social entrepreneurship designed to engender supporting and positive perspectives and attitudes toward program objectives. Organization/program advocacy and the mobilization of human resources are also addressed.

NPO 504 Fundraising and Funding Sources (3)
Strategies for attracting financial support from foundations, corporations, governments and individuals are examined as well as the types of funding that are available. The central focus is on communication-based and relationship-building strategies with defined constituencies. Emphasis is given to writing proposals; long-range development programs and capitalization campaigns; planning and implementation of financial campaigns and membership drives; charitable trusts; translating organization needs into donor benefits; and constituency communication and expansion. Organization/program advocacy and the mobilization of human resources are also examined.

NPO 505 Tax and Financial Management (3)
Examination of basic principles of financial, funds, and cost accounting. Budgeting techniques; investment decision-making; cost-effectiveness; managing endowments, gifts and grants; profit and loss; capital formation; cash-flow analysis; expenditure control; long range financial planning; and the use of performance standards are analyzed to help managers and administrators of nonprofit organizations with issues of financial planning, accountability, and the most efficient use of funds.

NPO 506 Management and Executive Leadership (3)
Focus on the analysis of the function of organizational management. Leadership will emphasize executive leadership-strategies, styles, skills and values. Ethical issues in both management and leadership will be examined. Management strategies involving external controls, institution building, priorities, decision-making and mobilizing human assets will also be covered as well as the role of nonprofit executives as agents of and for social change.

NPO 507 Human Resources Management (3)
Broad, comprehensive review of human resources management from the perspective of the manager/supervisor as contrasted with the practicing specialist. Topics include workforce planning, recruiting, selection, training and development; wage and salary administration; employee benefits, performance appraisal, promotion, demotion and severance; attitude surveying; health and safety; union management relations; organizational development; ethical decision-making; and problems involved in international management. Attention is called to relevant regulatory restraints, which managers must understand and abide by in order to avoid corporate and personal liabilities, and to the role of human resources in strategic planning.

NPO 508 Organizational Theory and Behavior (3)
In-depth study of various types of organizational structures, both formal and informal, with special emphasis on behavior of people within those structures. Special consideration is given to the relationship among organizational structure, organizational culture, and organizational strategy. The challenges of communicating in modern organizations are also considered.

NPO 509 Strategic Planning (3)
Examination of implementation issues involved in addressing mission statements and program objectives; the distinction between strategic and operational planning; and making the most effective connection between the external environment and the organization. The structure and process of program planning are analyzed including identification of resources; clarifying future direction; and decision-making with respect to resources, issues, and strategies to respond to change. Case studies, demographic and economic data, basic principles, and problem solving in a real or simulated nonprofit environment are used by teams of students working with a nonprofit organization to develop and present a strategic plan to accomplish a program objective.

NPO 510 Research Methods (3)
Examination of various research designs and strategies that are relevant to nonprofit organizations for investigating community issues and for organizational/program planning and evaluation. Systematic collection of quantitative and qualitative information about activities, characteristics and outcomes are stressed with a focus on improving program and organizational effectiveness, as well as decision-making. Techniques of data analysis and statistical concepts will be covered with an emphasis on generating, interpreting and effectively utilizing statistical data and research reports.
NPO 511 Management Information Systems (3)
Focus on bridging the gap between business needs and information systems solutions. The student is expected to understand how information technology can be effectively applied to nonprofit strategies and supporting operational processes. Key areas addressed include elements of information architecture, process reengineering, outsourcing, and security issues. Emphasis will be placed on outside reading of nonprofit MIS literature.

NPO 512 Advocacy and Public Policy (3)
Examination of the roles of nonprofit organizations and voluntary action in the public policy process. Focus is on key public policies and their past, current, and potential impact on the nonprofit sector, nonprofit organizations, and philanthropy. Analysis of how nonprofit organizations shape public policy through such advocacy strategies and techniques as policy research, public education and awareness, lobbying and litigation. Legal, ethical, and tax issues related to lobbying and advocacy are also examined.

NPO 513 Governance and Volunteer Administration (3)
Analysis of the history, role, and function of governance in achieving the vision and mission of nonprofit organizations. Governance issues such as creating policy, empowering boards, ethics and values, board culture, board/staff relationships, oversight, accountability, and fiduciary responsibilities are covered. Volunteer management/administration concepts, strategies and systems are covered with a focus on the recruitment, training, placement, and supervision of volunteers. Volunteer involvement in programs and service delivery, support activities, fund raising, and the role of volunteers on board committees, advisory, and task groups will also be examined.

NPO 590 Practicum I (3)
First field experience required of all students who do not have a minimum of two calendar years of direct experience in the management of a nonprofit organization or within a department, division or other organizational unit of a nonprofit organization. The experience must include staff or volunteer supervision; program planning, development and assessment; and responsibility for the deployment of resources (human and financial). This course is offered in the Summer only. **Prerequisite:** Approval of the Program Director prior to registration.

NPO 591 Practicum II (3)
Second field experience required of all students who do not have a minimum of two calendar years of direct experience in the management of a nonprofit organization or within a department, division or other organizational unit of a nonprofit organization. The experience must include staff or volunteer supervision; program planning, development and assessment; and responsibility for the deployment of resources (human and financial). This course is offered in the Fall. **Prerequisite:** Completion of NPO 590 and approval of the Program Director prior to registration.
The M.S. in Sport Studies is designed to provide classroom and field experiences for students with career interests in athletic training, exercise science, sport management, or physical education. Further, it is designed for students to earn their degree in two years.

**Admission Terms:** Fall (August); Spring (January); Summer (June)

**Priority Closing Date for Application Materials:** Applications receive primary consideration when completed by the priority deadline: March 15 for Summer; April 15 for Fall; and November 15 for Spring. After a deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

**Admission Decisions:** Rolling.

**Application for Admission:** Applicants must have a four-year bachelor's degree from a regionally accredited college and an acceptable GPA (3.0 or higher on a 4-point scale). An admission decision takes into consideration the applicant’s GPA, completed course work, professional work experience, personal and professional goals for the degree, as well as the information provided by references.

Required application materials include: (1) application with a nonrefundable $50 application fee; (2) two official transcripts from all colleges attended (including High Point University); (3) resume; (4) essay about interest in the program and goals for the degree; (5) three reference reports on form provided; and GRE, if applicable.

**Graduate Record Examination (GRE).** Testing is required for applicants who have a bachelor's degree GPA that is less than 3.0. The High Point University GRE Code is 5293.

**Prerequisite Work:** None

**Class Times:** 4:00 pm - 6:50 pm and 7:00 pm - 9:50 pm

**Program of Study (30 semester hours)**

**Required (6 semester hours)**
- ESS 503 Research in Sport Studies
- ESS 506 Ethics in Sports

**Practicum Experiences (6 semester hours)**
- ESS 580 Practicum I: Sport Studies
- ESS 581 Practicum II: Sport Studies
- ESS 590 Research Practicum I: Sport Studies
- ESS 591 Research Practicum II: Sport Studies

**Electives (18 semester hours; minimum of one course from each of the categories)**

**Science**
- ESS 510 Biomechanics
- ESS 512 Exercise Physiology
- ESS 514 Physical Activity and Obesity
- ESS 530 Analysis and Management of Athletic Injuries
- ESS 532 Strength and Conditioning
- ESS 534 Current Research and Trends in Athletic Medicine
- ESS 536 Exercise Prescription

**Management**
- ESS 520 Sport Management
- ESS 521 Sport Marketing
- ESS 522 Facilities and Equipment in Sport
- ESS 526 Legal Issues in Sport
- ESS 528 Intercollegiate Athletics Administration

**Physical Education & Recreation**
- ESS 500 History and Philosophy of Sport
- ESS 525 Supervision, Mentoring and Administration of Sport
- ESS 540 Curriculum and Instruction in Physical Education
- ESS 550 Professional Opportunities in Public and Private Recreation
- ESS 570 Selected Topics in Sport
- ESS 585 Sport Sociology
ESS 500 History and Philosophy of Sport (3)
Examination of the history and philosophy of recreational, secondary and post-secondary sports in the United States.

ESS 503 Research in Sport Studies (3)
Focus on current topics, trends, and issues that have gained prominence in the study of exercise science, sports, sport management, and physical education.

ESS 506 Ethics in Sports (3)
Survey of the development, practice, and application of moral and ethical values as applied to sport and physical education.

ESS 510 Biomechanics (3)
Focus on the mechanical interaction between the human body and the external environment by investigating basic principles of mechanics as applied to human movement; underlying principles of biomechanics as related to fundamental movements, the structural and mechanical aspects of joints and the kinetic and kinematics principles as applied to sports medicine and sports performance.

ESS 512 Exercise Physiology (3)
Focus on the effects of acute and chronic exercise on the function of the organ systems of the human body. Emphasis on understanding the function of the metabolic (bioenergetics), pulmonary, cardio-vascular, and neuromuscular systems and how their function is integrated to support the dynamics of muscular contraction.

ESS 514 Physical Activity and Obesity (3)
Examination of the role of physical activity in the energy balance equation and its impact on the health parameters of the obese. Additional factors that will be examined are theories of the cause of obesity and skills to develop and change those causes.

ESS 520 Sport Management (3)
Survey of the different dimensions of sport management, including but not limited to sport marketing, facility management, public relations, sport law, fiscal management, program development, and human resource management and supervision.

ESS 521 Sport Marketing (3)
Examination of the unique problems and opportunities that avail themselves in the area of sport marketing. Students will be expected to take an active role in some practical hands on application of the theories and principles presented in class.

ESS 522 Facilities and Equipment in Sport (3)
Overview of athletic, physical education, intramural and recreation facilities (public or private) in terms of design, materials, and accessories. Special emphases on indoor and outdoor facilities, equipment-needs for various sports, quality and costs, budgets, purchasing, bids, and management of facilities (e.g., maintenance, scheduling of contests, and workers).

ESS 525 Supervision, Mentoring and Administration of Sport (3)
Classroom and practicum based course. It focuses on objective and subjective evaluation methods, the human dynamics in supervision, and mentoring the beginning professional. It also examines the administrative duties required in supervision of physical education, athletics and recreation.

ESS 526 Legal Issues in Sport (3)
Examination of legal issues arising out of the areas of amateur sports including coaching and administering athletic programs in recreational, secondary and post-secondary settings.

ESS 528 Intercollegiate Athletics Administration (3)
In depth study of the day-to-day roles and responsibilities of administrative positions, which are typically found in intercollegiate athletics programs. The positions include the director of athletics, senior woman administrator, sports information director, director of athletic marketing, director of athletic fundraising, and director of athletic facilities.

ESS 530 Analysis and Management of Athletic Injuries (3)
Knowledge and skills that aid in the prevention and treatment of injuries common to athletics. Problem and research oriented.

ESS 532 Strength and Conditioning (3)
Procedures to strengthen and condition individuals in aerobic and anaerobic activities; discussions on exercise models, performance evaluations, exercise equipment, training ethics, and professional development; provides an understanding of individualized exercise prescription design in programs to develop and maintain physical fitness through testing and re-evaluation strategies.

ESS 534 Current Research and Trends in Athletic Medicine (3)
Examination of current research and trends in the evaluation, treatment, and rehabilitation of physically, active people. The course includes study on pediatric, geriatric and athletic populations.

ESS 536 Exercise Prescription (3)
This course describes the knowledge, skills and abilities for exercise testing and prescription. Emphasis will be placed on the value and application of exercise testing and prescription in persons with and without chronic disease. Special topics to be addressed include: exercise prescription in children, the elderly, pulmonary patients, cardiac patients and pregnant women.

ESS 540 Curriculum and Instruction in Physical Education (3)
Study of the different curriculum theories, teaching models, and strategies in physical education; including issues in classroom management, organization, and teaching methodology.
**SPORT STUDIES COURSE DESCRIPTIONS**

**HIGH POINT UNIVERSITY** | **NORCROSS GRADUATE SCHOOL**

**ESS 550  Professional Opportunities in Public and Private Recreation (3)**
Information about the broad range of professional opportunities in the areas of public and private recreation.

**ESS 570  Selected Topics in Sport (3)**
Selected current topics, which may vary and may include practical problems, current events, futuristic projections and creative solutions.

**ESS 575  Sport Sociology (3)**
This course examines the role of sports in the United States and will address the development of a theoretical framework and analysis of research relative to cultural-social influences on sports and conversely the impact of sports on society. The class is designed to mesh the student’s personal experiences and current level of knowledge with empirical evidence and sociological theory related to competitive physical activity or sport. Typical and traditional sociological concepts such as race, class, gender, political economy, socialization, and culture will be applied to and illustrated by the various contexts that sports can take.

**ESS 580  Practicum I: Sport Studies (3)**
A supervised field experience in an approved professional setting that will provide the opportunity for the student to work in a practical situation and gain knowledge by first-hand experience in various areas of sports medicine, exercise science, sport management, or physical education. This course may be taken alone for 3 credits or combined with ESS 581 for a 6 credit hour field experience. If the student is planning to do a 6 credit hour field experience, the student must register for both ESS 580 and ESS 581 for the semester within which the hours will be obtained. Web registration is not available for this course. Prerequisite: Written permission and a registration form must be obtained from the advisor.

**ESS 581  Practicum II: Sport Studies (3)**
A supervised field experience in an approved professional setting that will provide the opportunity for the student to work in a practical situation and gain knowledge by first-hand experience in various areas of sports medicine, exercise science, sport management, or physical education. This course may be taken alone for 3 credits or combined with ESS 580 for a 6 credit hour field experience. If the student is planning to do a 6 credit hour field experience, the student must register for both ESS 580 and ESS 581 for the semester within which the hours will be obtained. Web registration is not available for this course. Prerequisite: Written permission and a registration form must be obtained from the advisor.

**ESS 590  Research Practicum I: Sport Studies (3)**
A supervised research experience on an approved topic that will provide the opportunity for the student to develop the first three chapters of a research thesis/project. This experience will provide the students with the opportunity to gain first-hand experience in the development of research in various areas of sports medicine, exercise science, sport management, or physical education. Web registration is not available for this course. Prerequisite: Written permission and a registration form must be obtained from the advisor.

**ESS 591  Research Practicum II: Sport Studies (3)**
A supervised research experience on an approved topic that will provide the opportunity for the student to implement a research project as well as develop the final two chapters of a thesis/project. This experience will provide the students with the opportunity to gain first-hand experience in the development of research in various areas of sports medicine, exercise science, sport management, or physical education. Web registration is not available for this course. Prerequisites: Written permission and a registration form must be obtained from the advisor. ESS 590 must be completed before registering for ESS 591.
The program in history teaches students methods of historical research, analysis, and writing that enable them to achieve the most rigorous academic standards in their work. For students intending to teach, work in public history, prepare for a doctoral program, or pursue academic inquiry for its own sake, the program offers exposure to the latest historiographical debates and the classic texts of historical writing as well as opportunities to investigate a wide array of primary source material.

**Admission Terms:** Fall (August); Spring (January); Summer (June)

**Priority Closing Date for Application Materials:**
Applications receive primary consideration when completed by the priority deadline: March 15 for Summer; April 15 for Fall; and November 15 for Spring. After a deadline, applications may be accepted as long as both the review committee and applicants can respond appropriately for the admission term.

**Admission Decisions:** Rolling

**Application for Admission:** Applicants must have a four-year bachelor's degree from a regionally accredited college. An admission decision takes into consideration the applicant's GPA (3.0 or higher on a 4-point scale), completed course work, professional work experience, and personal and professional goals for the degree.

Required application materials include: (1) application with a nonrefundable $50 application fee; (2) two official transcripts from all colleges attended (including High Point University); (3) resume; (4) essay about interest in the program and goals for the degree; and (5) three reference reports on form provided.

**Graduate Record Examination (GRE).** An official GRE score report will be required before the end of the first term of graduate enrollment. The High Point University GRE Code is 5293.

**Prerequisite:** When acceptable undergraduate course work in Historiography has not been completed, students must take Historiography (HIST 208), which will not count toward the degree. However, the review committee may request an interview with an applicant to determine if prior course work and experience are acceptable substitutions for Historiography.

**Class Times:** 6:00 pm - 9:00 pm

**Program of Study (33 semester hours)**
Courses toward both a major (12 semester hours) and a minor (6 semester hours) must be completed.

**Required (3 semester hours)**
HST 508 Historiography

**Reading Seminars (12 semester hours)**
HST 525 Readings in Latin American History
HST 526 Early American History
HST 527 US Cultural and Intellectual History
HST 528 Revolutionary America
HST 530 North Carolina History
HST 531 US Women's History
HST 532 Religion in American History
HST 533 US Legal History
HST 534 Nineteenth Century US
HST 536 Twentieth Century US History
HST 541 US Diplomatic
HST 542 Early Twentieth Century
HST 544 Modern Europe
HST 546 Modern Britain
HST 547 Military History
HST 548 Modern East Asia
HST 549 Modern Middle East
HST 550 Colonial Africa

**Writing Seminars (6 semester hours)**
HST 551 US Religious History
HST 552 Southern US History
HST 553 Early US History
HST 554 Nineteenth Century US History
HST 555 Twentieth Century US History
HST 560 Early Modern Europe
HST 561 Revolutionary Europe
HST 562 Modern Europe
HST 565 Military History
HST 566 Great Military Leaders
HST 568 Modern Asian
HST 570 Colonial African
HST 572 Modern Middle East History

**Electives (6 semester hours)**
Additional History courses
HST 590 Independent Study

**Thesis (6 semester hours)**
HST 598 Thesis
HST 599 Thesis
HIST 508 Historiography (3)
Historiography is a history of historical writing from earliest time to the present with a focus on the last three hundred years. The focus of the class will on how modern understanding of historical interpretation and the creation thereof is a product of the parameters created by the various seminal interpretations established previously. Prerequisite: HST 208 or its equivalent.

HST 525 Readings in Latin American History (3)
This course explores the cultural, social, political, and legal dimensions of the region. Familiarity with important texts, including primary and secondary sources will be emphasized. Focus will be on the richness and variety of Latin American history. Special attention will be given to discussion of the classics and recent literature. Pre-Columbian, colonial and national eras will be covered.

HST 526 Early American History (3)
Studies of the interactions of Europeans, Indians, and Africans in the Atlantic world and the development of colonies that would produce the United States. Study recent arguments and key topics in the field with exploration of various methods historians use to discover new worlds and developments resulting from the meeting of peoples.

HST 527 US Cultural and Intellectual History (3)
The thinkers, inventors, and dreamers who shaped the idiosyncratic character of America will be the subjects of the readings in this class. Focus will be given to recent interpretations and how they challenge the shibboleths of the canon in the discourse.

HST 528 Revolutionary America (3)
Readings exploring the social changes of the eighteenth century, imperial crisis, war, and the creation of the American republic.

HST 530 North Carolina History (3)
Selected readings in topics in North Carolina’s history. Attention will be given to the entire scope of the state’s history, with emphasis on readings addressing economic and social development from the early colonial period to the present.

HST 531 US Women’s History (3)
Varying topics in the history of American women, including changing roles in family and public life, diversity of experience across lines of race, ethnicity and class, the emergence of feminism, and post-feminist experience in the late 20th century.

HST 532 Religion in American History (3)
Selected topics in the history of religious beliefs, practices, movements, and practitioners, and their influence in American culture. Selected books and articles read will explore prominent discoveries, methodologies, and arguments that have shaped contemporary interpretations and accumulated historiography.

HST 533 US Legal History (3)
Reference will be made to constitutional history but the chief focus of this class will be the challenging aspects of the legal traditions of the United States. Included within this will be the role law has played in the social and political transformation of the United States.

HST 534 Nineteenth Century US History (3)
Selected topics in the thorough transformation of US society during the nineteenth century/ will be chosen to reveal pathos and dignity in the events underpinning these changes. Political, military, cultural, and economic issues will all command attention.

HST 536 Twentieth Century US History (3)
The US emerges to become the dominant world military power and economic engine in the twentieth century. The texts selected will address how these changes came to be and how these changes transformed the United States politically, socially, and militarily.

HST 541 US Diplomatic History (3)
The history of US diplomats and diplomatic activities will be the measurement used to select the readings for this class. The particular challenges presented by the twentieth century will receive predominant attention.

HST 542 Early Modern Europe (3)
The course will examine the development and evolution of the dynastic state and society from the 17th through 18th centuries. Themes will include absolutism, the military revolution, the scientific revolution, the enlightenment, and explore economic, social and cultural challenges.

HST 544 Modern Europe (3)
The course will examine the development and evolution of European politics, economics, society and culture from the 19th century through the end of the Second World War.

HST 546 Modern Britain (3)
Readings on topics from the middle of the nineteenth century though the 1960s will be selected to reveal a portion of the characteristics of Britain as a world power and its adjustment back from that position. In particular, the political and economic transformations will be selected for closest study.

HST 547 Military History (3)
The course will explore the evolution and development of modern military thought from theory to practice. Themes will include the military revolution, neo-classical warfare, French Revolutionary and Napoleonic warfare, war in the industrial ages, and the age of total war.
HST 548 Modern East Asia (3)
This course examines the transformation of East Asian societies in the 19th and 20th centuries. Based on the readings of both translated primary and secondary sources, this course aims to deepen the students’ understanding of the complex process of modernization of China and Japan. It will help the students to appreciate East Asian cultures in the age of globalization. The students will conduct research under the direction of the instructor and participate in discussion on a regular basis.

HST 549 Modern Middle East (3)
Directed intensive readings, writing, and discussions on selected topics and areas in Middle East history with emphasis on the period after 1798.

HST 550 Colonial Africa (3)
Directed intensive readings, writing, and discussions on selected topics and areas in African history with emphasis on Eastern and Southern Africa.

HST 551 US Religious History (3)
Research and writing of salient topics in US religious history.

HST 552 Southern US History (3)
Research and writing on selected topics in the economic, social and political history of the southeastern United States.

HST 553 Early US History (3)
Studies of topics in the history of early American and the revolutionary era.

HST 554 Nineteenth Century US History (3)
The topic for the seminar will change over time selected from the social, cultural, political, military, and economic transformations of nineteenth century America.

HST 555 Twentieth Century US History (3)
Research and writing on selected topics in the history of the United States from 1900 to the end of the 20th century.

HST 560 Early Modern Europe (3)
The course will explore in detail the nature and evolution of the dynastic state and European society, economic, culture and military through a semester-long research and writing project.

HST 561 Revolutionary Europe (3)
The course will explore in detail the origin, course and impact of European revolutions on politics, society, economics, cultural and military through a semester-long research and writing project.

HST 562 Modern Europe (3)
The course will examine European revolutions on politics, society, economics, cultural and military from the 19th century through the end of the Second World War through a semester-long research and writing project.

HST 565 Military History (3)
The course will explore the evolution and development of military thought from the 16th century to the present through a semester-long research and writing project.

HST 566 Great Military Leaders (3)
The course will examine the strategic thought and military campaigns of great military leaders in the West from the 17th through the 20th centuries.

HST 568 Modern Asian History (3)
This course covers the history of modern Asia. Students will conduct research and summarize their research in a thirty-five page paper. The instructor may change the focus of this course each time it is offered. The areas of study include: Meiji Japan, Nineteenth-Century China and the People’s Republic of China, etc.

HST 570 Colonial African History (3)
Directed advance writing based on primary sources from selected topics in African history with an emphasis on Eastern and Southern Africa.

HST 572 Modern Middle East History (3)
Directed advance writing based on primary sources from selected topics in Middle East history with an emphasis on the period after 1798.

HST 590 Independent Study (3)
This course is for degree-seeking students who desire to conduct preliminary research before enrolling in HST 598.

HST 598 Thesis (3)
Through collaboration with designated faculty, a student develops an organized research study relative to a topic in history. A student must demonstrate foreign language competency sufficient to conduct research for the intended topic of the thesis to the Program Director. This is the first required enrollment for credit. Prerequisites: Program Director’s approval prior to enrollment; and completion of at least 18 semester hours of graduate history courses, which must include HST 508 and two writing seminars.

HST 598a Thesis Continuation (0)
Required fee registration when additional time is needed to satisfy the requirements for HST 598.

HST 599 Thesis (3)
Through collaboration with designated faculty, a student continues to develop an organized research study relative to a topic in history. Upon completion of the study, the student will defend the research in an oral presentation. This is the second required enrollment for credit. Prerequisite: HST 598.

HST 599a Thesis Continuation (0)
Required fee registration when additional time is needed to satisfy the requirements for HST 599. Prerequisites: HST 598 and HST 599.
Administrative Staff

Nido R. Qubein, 2005, President. B.S., M.B.A., LL.D.
Andy Bills, 2005, Vice President of Enrollment. B.A.
Dennis G. Carroll, 1988, Vice President and Dean of Academic Affairs. B.A., M.A., Ed.D.
Wellington DeSouza, 2001, Vice President of Information Technology. B.S., M.S.
Christopher H. Dudley, 1999, Vice President of Administration. B.S., M.S.
William H. Duncan, 2005, Vice President for Financial Affairs. B.A.
Donald A. Scarborough, 2000, Vice President for Communications. B.A., M.A.Ed., Ed.D.
Gail C. Tuttle, 1985, Vice President for Student Life. B.A., Bus., MPA.

Norcross Graduate School

Alberta Haynes Herron, 1991, Dean of Norcross Graduate School. B.A., M.A., Ph.D.
Linda Mae Hill, 2006, Graduate Enrollment Assistant. B.A.
Angel Taylor, 2009, Graduate Marketing and Recruitment Specialist, M.A.

Faculty

Thomas W. Albritton, Jr., 1989, Associate Professor of English. B.A., M.A., Wake Forest University; Ph.D., Florida State University.
Martha C. Bell, 1997, Associate Professor of Physical Education. B.S., M.S., Ph.D, University of Georgia.
Jane C. Bowser, 2007, Assistant Professor of Education. B.S., High Point University; M.S., University of North Carolina at Chapel Hill; Ed.D., University of North Carolina at Greensboro.
Lisa J. Carnell, 1989, Professor of Mathematics and Education. B.A., M.A., Ph.D., University of North Carolina at Greensboro.
Michael R. Collins, 1994, Associate Professor of Information Systems. B.S., Indiana University; M.B.A., University of Nevada at Las Vegas; Ph.D., University of Arkansas at Fayetteville.
Stephanie O. Crofton, 2001, Associate Professor of Economics. B.A., Converse College; M.S., Ph.D., Auburn University.
Christine W. Cugliari, 2007, Assistant Professor of Nonprofit Management. B.A., Marietta College; M.B.A., Ashland University; Ph.D., The Ohio State University.

Shaun W. Davenport, 2008, Assistant Professor of Business Management. B.A., Auburn University; M.A., East Carolina University, Ph.D. University of Tennessee.
Peng Deng, 1990, Professor of History. M.A., Sichuan University; Ph.D., Washington State University.
Joe K. Ellenburg, 1988, Associate Professor of Physical Education. B.S., Carson-Newman College; M.Ed., University of North Carolina at Chapel Hill; Ed.D., University of Alabama.
Vernon T. Farrington, 2008, Associate Professor of Education. B.S., Appalachian State University; M.S. North Carolina A&T State University; Ph.D., University of North Carolina at Greensboro.
Gerald T. Fox, 1993, Associate Professor of Economics. B.S., Brigham Young University; Ph.D., University of Utah.
Marion H. Gibson, 1980, Associate Professor of Physical Education. A.B., High Point College; M.Ed., North Carolina A&T State University; Ed.D., Nova Southeastern University.
Alfred C. Greenfield, Jr., 2008, Assistant Professor of Accounting. B.S., Ph.D., Virginia Commonwealth University.
Carole A. Head, 1978, Professor of Modern Foreign Languages. B.A., University of Oklahoma; M.A., Ph.D., University of North Carolina at Chapel Hill.
Bryan M. Hertweck, 2005, Assistant Professor of Information Systems. B.S., M.S., Ph.D., Virginia Polytechnic Institute and State University.
Beth Holder, 2005, Associate Professor of Special Education. B.S., Greensboro College; M.Ed., Ph.D., University of North Carolina at Greensboro.
Renzo R. Honores, 2008, Assistant Professor of History. Licentiate in Law, Master in Civil Law, Pontificia Universidad Catolica del Peru; Ph.D., Florida International University.
Dustin N. Johnson, 2007, Assistant Professor of Education. B.S., University of North Carolina at Greensboro; M.S., Appalachian State University; Ed.D., University of North Carolina at Chapel Hill.
Samuel A. Kemerly, 2001, Associate Professor of Exercise Science. B.S., McNeese State University; M.S., Louisiana Tech University; Ph.D., University of Mississippi.
Barbara B. Leonard, 1988, Professor of Education. B.S., Wake Forest University; M.Ed., Ed.D. University of North Carolina at Greensboro.
Steven A. Lifland, 1998, Associate Professor of Finance. B.S., M.B.A., Ph.D., Old Dominion University.

Deborah J. Linville, 2008, Associate Professor of Education. B.S., University of North Carolina at Greensboro; M.Ed., Salem College; Ph.D., University of North Carolina at Greensboro.

Ann B. Little, 2000, Assistant Professor of Marketing. B.S., University of North Carolina at Chapel Hill; M.B.A. Western Carolina University; D.B.A., Cleveland State University.

David W. Little, 1995, Associate Professor of Management. B.S., United States Military Academy; M.B.A., Western Carolina University; Ph.D., Capella University.

Jennifer E. Lukow, 2006, Associate Professor of Sport Management. B.A., Lynchburg College; M.S., Indiana State University; Ph.D., Indiana University.

Michael J. McCully, 1993, Associate Professor of Economics. B.A., Austin College; M.A., Ph.D., University of Notre Dame.

Richard D. Parker, 2008, Associate Professor of Business. B.A., M.P.A., Ph.D., University of Alabama.

Rick L. Proctor, 1988, Professor of Sports Medicine. B.S., High Point College; M.A., University of North Carolina at Chapel Hill; Ed.D., University of North Carolina at Greensboro.

Kimberly A. Reich, 2008, Assistant Professor of Exercise Science. B.A, Indiana University; M.A.M., Carnegie Mellon University; M.S., Southern Connecticut State University, Ph.D., University of Massachusetts.

Paul B. Ringel, 2005, Assistant Professor of History. A.B., Princeton University; J.D., Boston College; Ph.D., Brandeis University.

Suryadipta Roy, 2008, Assistant Professor of Economics. B.Sc., Calcutta University; M.A., Delhi School of Economics; M.A., Ph.D., West Virginia University.

Fredrick C. Schneid, 1994, Professor of History. B.A., State University of New York at Binghamton; M.A., Ph.D., Purdue University.

George L. Simpson, Jr., 1993, Professor of History. B.A., Waynesburg College; M.S., Troy State University; Ph.D., West Virginia University.

Michael A. Smith, 2005, Associate Professor of Information Systems. B.S., M.S., Ph.D., Georgia Institute of Technology.

James W. Stitt, 1969, Professor of History. A.B., High Point College; A.M., Ph.D., University of South Carolina.

David F. Walker, 2004, Associate Professor and Director of the MA Graduate Program in Nonprofit Management. B.A., University of Illinois at Chicago; M.P.A. Northern Illinois University.

Marlon L. Winters, 1992, Jefferson-Pilot Professor of Business. A.A., Western Piedmont Community College; B.S., Appalachian State University; M.A., Western Carolina University; M.Ed., Ph.D., University of South Florida.

James Zarick, 2001, Associate Professor of Sport Management. B.S., Slippery Rock State College; M.S., Slippery Rock University of Pennsylvania; Ed.D., United States Sports Academy.
