<b>Minimum Prepharmacy Hours Required</b>	<b>65</b>		<b>Your Total Prepharmacy Hours</b>	

Notes:

<sup>1</sup> Labs in both Anatomy and Physiology are recommended. Anatomy and Physiology courses in Biology, Exercise Science, Kinesiology, and other disciplines are accepted.

<sup>2</sup> Calculus I (Calculus for Life Sciences, Psychology, or Business will be accepted)

<sup>3</sup> Students are exempted from this requirement if their high school transcript confirms they made a "B" or higher in a one credit Physics course.

<sup>4</sup> English Composition courses should be taken which are writing intensive with one being a Professional Writing course, if available. Basic literature courses will not meet this requirement.

<sup>5</sup> Interpersonal or Human Communication is recommended.
