Room Reservation Process

1. The housing deposit is not an extra fee-it will be applied to tuition for the Fall 2017 semester. (This deposit is refundable through May 1, 2017).
 - a. The housing deposit needs to be paid separately from any tuition payments.
 - b. Please note the housing deposit only holds a room reservation until the first due date for Fall bills. If a student's tuition bill is not paid by the due date, their housing assignment will be removed. Once their account is paid in full, they will be assigned to available rooms.
 - c. Please be aware that paying the housing deposit does not guarantee a housing space on High Point University's campus.
2. Each student must register for classes for the Fall 2017 semester by the end of April 2017 to maintain their housing reservation.
 - a. Any student that is not registered for classes by the end of April 2017 will be removed from housing, and will be assigned to available rooms after they have registered for classes.
3. Any student who is academically ineligible at the end of the Spring 2017 semester will be removed from housing and classes if they have not registered for Summer Session #1 or #2 by 5pm on June 15.
 - a. If a student is removed due to being ineligible, and not registered for Summer School by June 15, they will not be reassigned until they become eligible or until they go before the Admissions Committee in August.
 - b. Due to record growth and commitment to student success, we may reach our capacity for on campus housing, and may not be able to offer housing once a student becomes eligible in August.
4. Housing Accommodations:
 - a. Any student who requires housing accommodation for their living environment will need to complete medical documentation through the Office of Disability Support.

If the request is approved, the Office of Student Life will assign that student their room assignment, and the student will not go through the online room reservation process. All Special Housing Accommodation Forms must be submitted by February 14, 2017.

5. Students who are part of the Honors Scholar Program will be able to request to live in Honors Scholar/Wellness housing. Honors Scholar housing will be offered in Finch Hall and on the 4th floor of York.
 - a. Honors Scholar students who currently reside in York Hall are able to request to live on the 4th floor of York. Priority will be given to Honors Scholar students (currently living in York) based on total number of credit hours and cumulative GPA.

Any Greek student who is assigned a room reservation in Greek housing does not need to go through the online room reservation process. No changes will be made to any Greek housing assignment.

d. Filling Rooms: Each organization is required to fill their room spaces to capacity. If they cannot fill their houses to capacity, the organization will be responsible for the charges of the room or the organization will lose their right to the spots. The Office of Student Life will determine this eligibility.

- d. Students who have homestead their individual bedroom, have the ability to pull students into any opening(s) within their assignment. In order to pull student(s) in, the student who homesteaded their room will go online via www.highpoint.edu/housing and create a group. The group will consist of the students who they want to assign to the opening(s) within the suite. Once the group is formed and confirmed, the student who formed the group/homesteaded will be able to go online and assign the group members (the students they are wanting to pull in) to the room/suite. Specific dates and times will be given for students to homestead in particular buildings, as well as when they will go online and create a group to assign other students to the openings in the suite. If students who homestead do not agree on who to pull into openings, preference will go to the student with the most credit hours.
- e. If students miss the deadline to homestead their current assignment, depending on if the room has already been assigned, they may be able to keep their room. If the room has already been assigned, then they will need to go through the online room reservation process.

Housing Process

7. Homesteading: Homesteading is defined as one student who is living in the room for the current semester that elects to renew their assignment for the following year (Spring 2017) and is not on disciplinary probation.

a. Students have the ability to “homestead” their room if they reside in the following residential buildings:

- 806 Point Place
- 812 Point Place
- 818 Point Place
- Centennial Square
- Centennial Square #2
- McCain Place Townhomes
- North College Court
- North College Terrace
- North College Townhomes
- The Village
- The Village II
- University Houses
- University Village
- Wilson Hall

b. The student wanting to homestead their bedspace will use the online housing process and select their current bedroom and will be assigned again for the following academic year.

c. Students are only able to homestead their individual room if they are currently assigned there for the Spring 2017 semester.

- a. Students will need use the housing portal at www.highpoint.edu/housing and form groups.
 - i. A group is defined as one or more students who want to live together. NO group can be larger than eight individuals.
 - ii. One person will create a group and will invite others to join the group. If you are invited to join a group that you are not interested in being part of, you can remove yourself from this group. This entire process is completed through the housing portal at www.highpoint.edu/housing.
 - iii. The one person that creates the group will be the group leader. This person does not have to be the person in the group with the highest number of credit hours. The group leader will have the ability to select housing for all members in the group during the assigned time slot.
- b. Groups are given assigned time slot based on the individual in the group that has the highest number of credit hours. If there are students/groups with equal number of credit hours, GPA will determine order.
- c. Time slots will be announced each week. Students will need to log onto the portal during their assigned time slot to maximize their housing selection options. If a student misses their time slot, they can log on any time after their time slot to select housing.
 - i. Time slots will be made available during the room reservation process and will correlate to the lottery numbers. Students will need to go online during their assigned time slot to get higher preference of rooms.
 - ii. During an assigned time slot, students will then be able to view all rooms and locations that are available for selection and select a bed space.
 - iii. Students should reserve their room during the designated time slot, but if they are unable to do so, they can go online during the next available time slot. They will lose priority if they make a reservation during a later time slot.
9. Off Campus Living: If a student is opting to live off campus, please know that we require all of our students to reside on campus until they have reached senior status in completed credit hours (96 credits hours), or commute from their parent's permanent address. Any student considering living off campus should make an appointment in the Office of Student Life. No housing assignments will be canceled to let a student live off campus until they have completed the Off Campus Living Contract and provided documentation that they are commuting or have reached senior status in credit hours.
10. Your housing and course registration cannot be assured if your bill is not paid in full by the deadline.
