COMMUNITY AFFAIRS

Rep. from Sophomore Class: Parking lot outside of Norcross: spots blocked by cones. Suggested to open four spots for ambassadors near Slane.

Students parking in faculty spots has become an issue.

Delaney can get into the village by only using his driver’s license as opposed to his passport.

Concern for condition of women’s complex, particularly plumbing issues and the accumulation of dirt. Residents have detected an “egg” smell in the water at the complex.

Student’s passports no longer allow access to Congdon after 5. Students are required to notify their professors if they need to use facilities in evening hours.

With regards to the gate in Centennial, students are curious as to when the automated gate system will begin replacing the need for Security to greet students. It is part of Security’s policy to maintain the atmosphere of High Point.

End of the meeting announcements:
When amending bills, the donation goes from SGA directly to the charity, not through the organization. When proactively drafting bills, do not rely solely on the demands of the advisor.

Budgets due Monday via the website, not direct email. Link closes at 5 and will not be accepted late.

Next meeting is two weeks from tonight.

HPU Dine is hosting a meeting in Phillips 207 at 2:30 pm to discuss the future of campus dining.
