Discussion

- Patti Suchan, CCM – Why are there no student contributions? (When we first advertised for the conference, the treasurer told members that price would not be a conflict and that it would be accessible to all. A fee would prevent students from going.)
- Patti Suchan, CCM: Trips in general have a student contribution and other groups usually charge their members. Makes a motion to reduce the total to $210. Seconded.
  - Alex Nelson, 2015: Do you pay dues? (No, we do not)
  - Matt Jake, 2014: How many days will you be there? (March 5th to March 8th)
  - Alex Nelson, 2015: estimate for each person to spend on food? (Not yet)
  - Matt Jake, 2014: bring a wallet
  - Patti Suchan, CCM: We’re giving them a free trip and that’s something that we don’t usually do; we should stay consistent with asking for student contributions. We should have asked it last time. Meeting in the middle is fair. Make a motion to end discussion. Voting: motion to end discussion passed
