

# HIGH POINT UNIVERSITY POLL MEMO RELEASE 9/27/2016 (UPDATE)

ELEMENTS	DETAILS
Population represented	Likely Voters (2016 General Election) in North Carolina.
Sample size	404 Likely Voters in North Carolina
Mode of data collection	Telephone (landline and cellular telephones). Interviews conducted in English.
Type of sample (probability/non-probability)	Registration Based Sample (aka Voter List Sample) purchased from Survey Sampling International through Aristotle in Washington, D.C. To be included in the sample, a voter needed to have a propensity score of more than 30 on a scale of 0 to 100 based on their voting history in presidential and midterm elections and demographics.
Start and end dates of data collection	September 17 – September 22, 2016
Margin of sampling error for total sample	Approximately 4.9 percentage points for the all adult sample. The margin of error is not adjusted for sample weights.
Are the data weighted?	Yes, relative to North Carolina voter statistics as well as 2012 and 2008 presidential election poll findings for age, race, and gender.
Survey sponsor and funded by	High Point University Survey Research Center, High Point, NC
Survey/Data collection supplier	High Point University Survey Research Center. The Center is located on the High Point University campus. Student interviewers staff the 42 stations equipped with WinCati computer assisted telephone interviewing systems.

Attached is the full text of survey questions our interviewers asked. Interested parties can access results from the survey at <a href="http://www.highpoint.edu/src">http://www.highpoint.edu/src</a> and should contact the Director of the Survey Research Center for additional information.

Survey questions: Below are questions the Survey Research Center fielded for this study. They represent the text as read by the interviewers, plus options that appeared to interviewers but were not offered to respondents (in parentheses). Percentages may not add to 100 because of rounding. Percentages less than one percent are denoted with a \*
