

**HIGH POINT UNIVERSITY POLL
MEMO RELEASE 3/2/2020**

ELEMENTS	DETAILS
Population represented	Adults (people over the age of 18) in North Carolina.
Sample size	1,216 adults in North Carolina
Mode of data collection	300 live interviewer telephone (Random Digit Dial (RDD) landline and cellular telephones) interviews. 916 online interviews. All interviews conducted in English.
Type of sample (probability/non-probability)	Non-Probability, using RDD samples of landline and cellular telephones generated by dynata as well as respondents from dynata's online panels
Start and end dates of data collection	February 21 – February 28, 2020
Margin of sampling error for total sample	This is a combined sample of live interviews and online interviews. The online sampling is from a panel of respondents, so their participation does not adhere to usual assumptions associated with random selection. Therefore, it is not appropriate to assign a classical margin of sampling error for the results. In this case, the SRC provides a credibility interval of plus or minus 3.4 percentage points to account for a traditional 95 percent confidence interval for the estimates (plus or minus 2.8 percentage points) and a design effect of 1.2 (based on the weighting).
Are the data weighted?	Yes, relative to U.S. Census (2018 American Community Survey and Population Estimates Program) estimates for age, race/ethnicity, education, and gender. The data was also weighted to ensure that the mode of interview (live interviewer or online) was consistent between the weighted and unweighted data.
Survey sponsor and funded by	High Point University Survey Research Center, High Point, NC
Survey/Data collection supplier	High Point University Survey Research Center. The Center is located on the High Point University campus. Student interviewers staff the 42 stations equipped with WinCati computer assisted telephone interviewing systems. The HPU SRC uses Qualtrics as a platform to collect online interviews.

Attached is the full text of survey questions our interviewers asked. Interested parties can access results from the survey at http://www.highpoint.edu/src and should contact the Director of the Survey Research Center for additional information.	

Survey questions: Below are questions the Survey Research Center fielded for this study. They represent the text as read by the interviewers, plus options that appeared to interviewers but were not offered to respondents (in parentheses). Percentages may not add to 100 because of rounding. Percentages less than one percent are denoted with a *

Voting

These days, many people are so busy they can't find time to register to vote, or move around so often they don't get a chance to re-register. Are you NOW registered to vote in your precinct or election district or haven't you been able to register so far?
