What is the Student Account Center?
The Student Account Center is a new online interface where students, parents and authorized users can view student account activity, make payments and enroll in the monthly payment plan. The URL for the new account center is: https://highpoint.afford.com
How do students access the Student Account Center?

- Using your preferred web browser, go to this URL to log into the Student Account Center: https://highpoint.afford.com.

- Click on the “Go” button to login with your school credentials. (your school credentials are your Blackboard or HPU email username and password).

- Enter the address where you would like to receive Student Account Center monthly statements. Please note: the address you enter here will not update your address information at the school.

- Share account access with parents or other individuals. Once authorized, parents will receive their own username and password eliminating any need for you to share your login.

How do parents or other individuals access the Student Accounts Center?

Due to student privacy regulations (FERPA), the student must register for Student Account Center access before authorizing other individuals. Once this is done, they can then share access with any additional participants who will help manage their account. Authorized individuals will receive their own username and password.

Students can grant access for Parents/Authorized Users by selecting the “Manage Account Access” button and clicking the “Add” button. This will send an invitation via e-mail to the individual. Once the invitation is accepted, the individual will choose a password and access to the Student Account Center will be granted.

Once the individual has their username and password they can login at https://highpoint.afford.com.

The Student Account Center will allow you to view the students account activity, make payments, enroll and monitor the monthly payment plan.

If you have any difficulty with the login process, contact Tuition Management Systems customer service at 800-207-3598. Questions about the student’s account information should be directed to the HPU Student Accounts Office at 336-841-9259.
