# Completing the Student Medical History/Immunization Form

1. The Student Medical History/Immunization Form, which must be completed by all incoming students, is available online at the following address:

   *It is stated in the medical form: “North Carolina Law GS 130z 152-157 requires all persons attending college to submit proper immunization records. If immunization requirements are not met, registration for classes will be cancelled.”

   *You are not required to have a physical exam. You must, however, have a TB test (Tuberculosis) that has been administered and read within the past 12 months before coming to High Point University. If you are unable to have the test in your home country, please let us know at studyabroad@highpoint.edu and we will work with the Student Health Center to arrange for you to have it completed during the first week of classes.

2. After reading all of the instructions carefully, have the appropriate information completed by your physician and email, mail or fax the form to Student Health Office by July 1, 2016 for students arriving in August and December 1, 2016 for students arriving in January. You may choose to send it to us earlier to the address below:

   High Point University  
   Student Health by Cornerstone Healthcare  
   One University Parkway  
   Campus Box 50  
   High Point, NC 27268

   Email: studenthealth@highpoint.edu  
   Fax: 1.336.841.4693

3. We look forward to having you on campus and hope that it will be a rewarding experience! If you have questions or concerns regarding immunization clearance, please contact studenthealth@highpoint.edu.
