Lorenzo de’ Medici credit-bearing internships offer the possibility to learn different aspects of working in Italy, a country known for its artisan and small business structure. Students get to know the characteristics and structure of the Italian workplace.

CREDITS
A standard 3-credit internship corresponds to a minimum of 135 hours, including journals and papers. During the semester, the internship requires 10-12 hours per week in the company, excluding the first / last week of classes and the break.

A standard 6-credit internship corresponds to a minimum of 260 hours, including journals and papers. During the semester, the internship requires 20 hours per week in the company, excluding the first / last week of classes and the break.

PREREQUISITES AND REQUIRED DOCUMENTATION
Students participating in the internship program must fulfill the relevant prerequisites. The application for an LdM internship is due by the application deadline, along with the required supporting documentation (e.g. student’s resumé, formal letter of intent, two reference letters, portfolio). Late submission of the supporting documentation can compromise the eligibility for an internship placement.

At least one of the two reference letters should be from an eligible professor/employer with knowledge of student’s work/study ethic in the requested field. The formal letter of intent must specify: reason for choosing the internship, future goals, and professional experience in the selected field. Also, it should include the student’s expectations and a detailed description of the duties the student would like to fulfill. This can better assist LdM to determine the appropriate company for each student.

HOW TO APPLY
- Students who are interested in an internship, and who meet the requirements, should indicate their choice of an internship on their course selection form, with an alternate course in case the internship is not possible.
- If the student is deemed suitable, based on the supporting documentation, LdM will propose the student as an intern to the partner institution. The institution will decide if the student has been provisionally accepted as an intern.
- An on-site interview is required for all internships and the internship will be confirmed only after the interview.

Placement in internships is not guaranteed, and choosing an alternate course is mandatory. Student taking an internship must retain full-time status, with a minimum of 15 credits per semester.

IMPORTANT NOTES
Internships are unpaid and placement opportunities are limited. Internship placement is a serious commitment which, when accepted, must be completed within the expectations that are outlined in each syllabus. Students must maintain a strong level of performance in work activities and outcomes.

ACADEMIC DETAILS
The internship will appear on the student’s course schedule and will therefore be considered a regular academic course. The internship will also appear on the student’s LdM transcript, with the corresponding letter grade and credits.

An Internship On-Site Supervisor will guide students through practical support, and evaluate their on-site performance. A Supervising LdM Professor will supervise the internship from an academic perspective and evaluate written assignments.

During the interview, the student, the Supervising LdM Professor and the Internship On-Site Supervisor will determine a detailed work schedule for the internship. In addition, the student will be required to write weekly journals, and to present at least two papers to the Supervising LdM Professor.

Upon completion of the internship, the Internship On-Site Supervisor will evaluate the student’s performance through submitting the LdM Internship Evaluation Form. The final grade will be given by the Supervising LdM Professor based on the Internship Evaluation Form and the student’s academic performance.

LEGAL REQUIREMENTS
Upon arrival in Italy the student will be responsible for fulfilling all necessary bureaucratic steps according to Italian internship regulations (such as the Codice Fiscale, which is the Italian version of a social security number, Permit of Stay, etc.). LdM staff will assist the student with these steps.
