Interests

FIELDS OF INTEREST

- Chemistry
- Engineering: Materials
- Animal Behavior

I AM INTERESTED IN

- GRADUATE SCHOOL
- MEDICAL SCHOOL
- BUSINESS SCHOOL
- LAW SCHOOL

STATEMENT

I am looking for research in any of the following areas: inorganic chemistry, small molecule synthesis, catalysis, chemical education, history of science, STEM curriculum design

Start by outlining your background and interests
Jane Doe

High Point University | 2017 | Undergrad
Current Location: High Point, NC
Hometown: Raleigh

STATEMENT:
I am looking for research in any of the following areas: inorganic chemistry, small molecule synthesis, catalysis, chemical education, history of science, STEM curriculum design

RESEARCH INTERESTS:
Chemistry, Materials Engineering, Animal Behavior
