Extension of Student Teaching

Date: April 2, 2015

Student Teacher: 

Cooperating Teacher: 

University Supervisor: 

Program: Elementary Education

School/Grade: K

Based upon the midterm conference score (31/80) and subsequent formal observations by the University supervisor and observations of the cooperating teacher, the student teaching [Internship II] will be extended through Friday, May 29, 2015.

There has been growth in the area of classroom management and planning/instruction but not sufficient to be AT MET on the final evaluation which would be completed by April 29.

At the end of the extended time, if (X) is AT MET on every item of the LEA/IHE Certification of Teaching Capacity evaluation instrument, she will receive a P (pass) for EDU 4230: Internship II in Elementary Education: Teachers As Leaders. Her graduation date will be posted August 2015. If she is not AT MET on all items, (X) will receive an F and will have to return in the fall to repeat student teaching if she chooses. In the fall, (X) would be assigned to a different school, cooperating teacher and University supervisor. A passing grade in student teaching [Internship II] will be required for the degree in Elementary Education.

The process for the remainder of the time will include a videotape of one or more lessons which the student teacher will view on her own first and then in consultation with the cooperating teacher and/or the University Supervisor (X) is needs to take more initiative to including more information and activities in her planning and to have her plans turned in on time each week. There will be an initial evaluation using the LEA/IHE Certification of Teaching Capacity evaluation instrument within the last seven days of the semester which ends April 29. From that point, the focus in the classroom will be the items that are NOT MET. The university supervisor will continue support during this time.

I understand the requirements written above and know what I have to do to be successful in completing the Student Teaching [Internship II].
