### M.P.A.S. in Physician Assistant Studies

The U.S. Department of Education requires that all institutions of higher education inform their students about whether their curricula make them eligible to apply for a professional license and/or certification in the state in which they plan to practice.

Toward this end, please review the following chart to determine whether licensure in High Point University's M.P.A.S. in Physician Assistant Studies transfers to other states. Please reach out to your graduate program coordinator should you have any questions about this information.
