

FORENSIC STUDIES

INTERDISCIPLINARY MINOR

How will this minor help you?

The minor for Forensic Studies at High Point University provides two concentrations for students. One of those options is the Natural Sciences Track (*course options listed*). Impress future employers with an interdisciplinary framework incorporating knowledge of ethics, methods of identification using bone samples, and an evolutionary context of anatomical structures.

STUDENT SUCCESS

Alyvia Brainard [2025]

Major: Neuroscience

Minor: Forensic Studies – *Natural Science*

“My forensic anthropology class showed me new ways to use the wealth of knowledge I have gained as a neuroscience major other than becoming a doctor. I am confident that my knowledge can take me anywhere.”

| COURSE | NAME | CREDIT |
|---------|----------------------------------|--------|
| SOA2200 | Forensic Anthropology | 4 |
| BIO2070 | Human Anatomy | 4 |
