

C - Small Curricular Revisions : Entry # 2444**Today's Date**

09/22/2022

Your Name

Leslie Cavendish

Your Email:lcavendi@highpoint.edu**Department Chair Name**

Leslie Cavendish

Email address of your department chairlcavendi@highpoint.edu

By checking below I am certifying that my department chair (named above) has seen and approved the courses that are included in this proposal.

Yes

Please select the appropriate school overseeing this proposal:

Education

Which schools does this affect?

- Education

Does this request correspond to a particular term?

No, just before the 2022-2023 academic year/bulletin

Does this proposal correspond to a particular term?

Fall 2023

Which category does this change fall under?

- Distribution requirements - major

Name of Major or Minor that you are revising distribution requirements for:

Elementary Education

Distribution Requirement Changes

C - Small Curricular Revisions : Entry # 2444**What is being changed?**

Removing Second Math Requirement from the Mathematics Department, adding a Mathematics methods course

Removing Requirement for Second Lab Science Requirement

Rationale for change (brief)

To meet new guidelines from National Council of Teacher Quality and improve preservice teacher abilities to teach mathematics in the K-6 classroom

To align with New General Education Requirements

Rationale for above changes

Answered above.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties.

The Mathematics Department is aware we are proposing this change. This will allow Mathematics professors to be freed up to teach courses they need to offer to their majors and general education core courses.

This does not impact the Sciences, as our majors simply enroll in two general education science courses, and the only change is that they will successfully complete one course, instead of two.

Dean Review**[DEAN] I approve/deny this proposal**

Approve
