The proposal is to add BUA 2000 to the Accounting major. BUA 2000 allows students to explore the various roles within an organization and begin to practice appropriate business communication skills. All other business related majors include the course. The accounting faculty believe it would benefit the students who have declared an accounting major to also receive this introduction to the "business world".

Yes

Comments justifying this determination?

Our mission in the PSB 'to prepare students to become tomorrow's business professionals' is already aligned with the University Mission. Adding BUA 2000: Business Career Bootcamp to the Accounting major further aligns that mission as it has been required by all other business majors for years.

Are necessary resources available to support this proposal?

Yes

Comments justifying this determination?

Yes, we have space in Phillips 120 to absorb the 20-30 Accounting major freshmen Business Fellows and sophomore non-Business Fellows over the two and one sections offered in the fall and spring respectively.
