Rationale for above changes			
These two courses share a title and description because they are offered in the style of special topics courses which vary by instructor and the level at which they are offered.			
Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties.			
There is potential for this change to impact the Legal Studies minor, but Donna Scheidt has approved this change. The course's previous iteration is currently only offered as an elective in that program. Donna Scheidt is also proposing a change to how the Legal Studies minor will cover the content that this course does, so it is likely that this course will no longer even be offered as an elective once her proposal is approved.
