Specially Designed
Instruction for

Proposed new description

This course is designed to provide an in-depth exploration of the principles and practices of specially designed instruction for students with disabilities. Candidates will explore how

Brief rationale for change

Updated to include all areas of special education and not just adapted curriculum.

C - Small Curricular Revisions : Entry # 2707

Current Course Number & Name (prefix and number)	Proposed New Course Number & Name	Proposed new description	Brief rationale for change
the Adapted Curriculum I	Students With Disabilities	individualized teaching strategies and materials are used to address the unique learning needs of students with disabilities. Candidates will be able to design effective instruction for students with disabilities using evidence-based practices. Candidates will be equipped to use data to make informed decisions about instruction, differentiate instruction to meet the needs of individual students, and create a positive and inclusive classroom environment.	Also updated to include more recent terminology and research on instructional methods for students with disabilities.
Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties.			
No
