By checking below I am certifying that my department chair (named above) has seen and approved the courses that are included in this proposal.

Yes

Please select the appropriate school overseeing this proposal:

Business

Does this proposal correspond to a particular term?

No

Rationale for above changes

I am proposing to add BUA 3110 Luxury Management to the list of business electives that meet the international business requirement of the business core for all business majors. BUA 3110 meets the goals and objectives of the international business requirement of the business core and is similar to other courses that are currently options for students to meet this requirement (e.g. BUA 3100 Global Business and MKT 3850 Marketing in Spain). This proposal does not require any changes to the learning outcomes, number of credits, level of the course, or program requirements of the course.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties.

No, this change does not affect any other schools

Comments

I am in support. This does not change the total hours of the Business Administration Major, it just gives students more options.
