Which category does this change fall under?

- Distribution requirements - major

Name of Major or Minor that you are revising distribution requirements for:

Mathematics (BS and BA, same change)

Distribution Requirement Changes**What is being changed?**

1) Remove "or CSC 1705" 2) Remove "not to include MTH 3610" from end of degree description.

Rationale for change (brief)

CSC 1705 is no longer being taught. MTH 3610 is going to be removed (current proposal).

Rationale for above changes

Math majors will be required to take CSC 1710, rather than having CSC 1705 as a choice. This is because CSC 1705 is no longer being taught. The second change is a clarification to bulletin language.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties.

This does not affect the CSC department, since they do not teach CSC 1705 anymore.
