Regarding STS 3210: over the last 2-3 years, overlap between this course and STS 3110 has increased. The department has determined that keeping STS 3110 and removing STS 3210 is the best course of action. I will be submitting proposals under "Minor Curricular Changes" to update references to STS 3210 in our majors/minors and be sure only STS 3110 appears. If there are any remaining students whose bulletin requirements still mention STS 3210, they will be advised in 1-1 advising appointments to take STS 3110 instead, and the Chair will sign off on this substitution.
