Does this proposal correspond to a particular term?

no

Which category does this change fall under?

- Course prerequisite(s)

Course Prerequisite Changes

Course Prefix & Number	Current Prerequisite(s)	Proposed Prerequisite(s)
CSC1720	CSC1710 with a C- or higher	CSC1710 with a C- or higher AND MTH1400 with a C- or higher
CSC2342	CSC1720	CSC1720 AND MTH1400 with a C- or higher

Rationale for above changes

The changes above better illustrate the need for logic and deductive reasoning required in CSC1720 and CSC2342. This is necessary for student success.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties in the box below.

Some engineering programs required CSC1720 and CSC2342. These programs require that students complete MTH1410 or MTH 1415 and hence the changed prerequisites should not impede their progress through their degrees.
