Distribution Requirement Changes

What is being changed?	Rationale for change (brief)
Tracks	lack of faculty

Rationale for above changes

Dear all,

There has been so much turnover in the faculty of the School of Natural Sciences, that we can no longer reliably offer the courses listed in the Natural Sciences track for this minor, versus Social Sciences track, side that the students minoring in this discipline can no longer complete the minor. All of the faculty members on the Forensic Sciences minor committee agree with this change.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties in the box below.
