By checking below I am certifying that my department chair (named above) has seen and approved the courses that are included in this proposal.

Yes

Please select the appropriate school overseeing this proposal:

Natural Sciences

Which category does this change fall under?

- Distribution requirements - major

Name of Major or Minor that you are revising distribution requirements for:

Physics

Distribution Requirement Changes**What is being changed?**

Remove the option to take "MTH 1415 and MTH 1425" from the Applied Mathematics Track in the BA and BS in Physics

Rationale for change (brief)

MTH 1415 and 1425 are being discontinued.

Rationale for above changes

The Mathematical Sciences Department is discontinuing MTH 1415 and 1425 (Mathematics for Engineers I and II). These two courses are currently an option for the Applied Math Track in the BA and BS Physics degrees. This option must be removed from the 25-26 Undergraduate Bulletin since the courses will be discontinued. Both the Pure Math and Applied Math Tracks will now require MTH 1410 and 1420, streamlining the curriculum.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties in the box below.
