Which category does this change fall under?

- Course prerequisite(s)

Course Prerequisite Changes**Course Prefix & Number**

HHP-4400

Current Prerequisite(s)

HHP-2100 and Junior standing or permission of instructor

Proposed Prerequisite(s)

Junior standing or permission of instructor

Rationale for above changes

The current prerequisite of HHP 2100 was in place so that students would have existing exposure to analyzing, interpreting, and using peer-reviewed literature, because students in HHP 4400, use these skills to answer questions and solve problems as part of the learning experience. This prerequisite course is no longer necessary because structured guidance is now provided within the course for engaging with peer-reviewed literature. The inclusion of this guidance allows academically mature students in the BS.EXS (which requires HHP 2100) and BA.HTWL (which requires HHP 4400, but does not require HHP 2100) to be successful. Additionally, this prerequisite revision will align HHP 4400 with all other wellness-based upper-division HHP courses. Therefore, the appropriate prerequisite for HHP 4400 is Junior standing or permission of the instructor.
