**Rationale for above changes**

NA

**Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties in the box below.**

The one HSP class that is being proposed as an elective offering within the minor is not an issue, as HSP is part of the same department, and as Chair, I support this decision. The faculty within the department also supports this class being added as an elective option for the minor.
