Distribution Requirement Changes

C - Small Curricular Revisions : Entry # 3641**What is being changed?****Rationale for change (brief)**

MTH/PHY-2150 replaced with MTH-2410 MTH/PHY-2150 no longer offered

Rationale for above changes

MTH/PHY 2150 (Mathematical Methods II) will no longer be offered. This discontinuation of MTH/PHY 2150 was submitted by the Department of Mathematical Sciences previously (Entry # 3529). In its place, the Physics Department will require MTH-2410 (Calculus III). This will alter the Applied Math track to be Calculus I, II, III, MTH/PHY 2050 (Mathematical Methods I), and PHY 2200 (Computational Physics). This is still different from the Pure Math track by two courses.

Does this change affect any other departments, schools, or programs besides your own? If so, please describe your consultation process with affected parties in the box below.

No.
