**Current course title**

Introduction to Psychology

**Revisions to course number, title, credits, prerequisites****What are the changes to the course number?**

The department would like to change the course number from PSY 2000 to PSY 1000. Although it is a change in numeric level, it is not a change in content level. We are hoping to reduce confusion on the part of incoming students and freshmen success coachings regarding the level of content being taught in the class. Changing it to a 1000-level course aligns with other introductory courses within HBS and the university. No substantive changes in learning outcomes or course difficulty will occur.
