

The Deal Shade Garden

Bed Map

HPU alumnus Buddy Deal originally donated this garden to decorate the entry of campus. The garden began a major renovation in spring of 2012 and now over 50 different selections of Hydrangeas are located within the garden. Continuing with our efforts to deepen the diversity of all the gardens there are well over 150 different types of plants in this garden comprised of bulbs, perennials, shrubs and trees.

Deal Shade Garden Plant List

April 21, 2014

Bed	Botanical name	Common name
DSG1	<i>Acer buergerianum</i> 'ABMTF' (Aeryn®)	trident maple
