Introducing Hiration

Personalized Career Readiness

Creating your account takes less than a minute

- Go to <https://highpoint.hiration.com/>
- Click on Create An Account and log in with your .edu email ID
- Land on the dashboard; Resume Builder opens by default

The dashboard is your central hub

Every tool is just one click away

Resume Builder: Get Started

Build a new one, or improve the old

Either begin from scratch, or optimize your existing resume

- Select a blank instructional template...
- Or ready-to-use reference **content aligned with your major**
- Change design in 1 click without shifting your content

Choose how you want to build

The screenshot shows the 'My Resumes' section of the Resume Builder. It features a 'Start your Resume Journey' card with the question 'How would you like to get started?'. Below this are two options: 'Create Resume' (with a document icon and the text 'I need help creating a fresh Resume') and 'Upload Resume' (with an upload icon and the text 'I have a resume, but it needs work'). At the bottom, there is a 'No resumes yet' section with a document icon, the text 'Create your first resume or upload an existing one to get started. First time here? Watch a quick 1-min tutorial', and a 'Watch Tutorial' button. A blue chat bubble icon is visible in the bottom right corner.

No lock-in. Change paths anytime

Bullet-level Resume Review

Upgrade Your Core Content

Instant 5-part critique: structure, skills, bullets, and more

- Bullet scan: length, quantification, power verbs, overuse, etc.
- **Context-aware AI** asks questions to improve weak points
- Rewrite with your inputs and replace in 1 click

Live score shows priority areas.

AI is here to back you up.

Improve with ChatGPT

AI might ask you up to 3 questions

What was the measurable impact of your execution strategy on the business?

Tailoring Resume to Jobs

Paste JD. Spot Gaps. Strengthen Fit

Get a matching score with a section-by-section rationale

- Actionables show *exactly* what to add and where
- Analysis of Eligibility, Requirements, and Responsibilities
- **Generate interview questions** from the JD directly from here

Your Resume Tailoring analysis, with gaps & fixes

 **Resume Actionables** ⚡ 3 items ^

- ⚡ Highlight experience in Agile project or DevOps environments to align with job requirements
- ⚡ Consider showcasing any IT security-related experience or skills to better match that requirement
- ⚡ Elaborate on specific instances of explaining data models to technical peers and leadership teams for better communication skills demonstration

Follow action steps to improve score & suitability

Resume Review ⓘ

Resume Tailoring ⓘ

 **Analysis**

78/100

⌚ Last Analyzed at 14:42
Your resume aligns well with the job description in terms of technical skills and experience. However, there are some key areas such as Agile project experience, IT security knowledge, and communication skills that could be further highlighted to enhance your candidacy. With some adjustments, your chances of making it to the shortlist would significantly improve.

⚠️ AI may miss or slightly misinterpret few details. Please use with discretion
Our AI strives to provide an accurate match for your resume. Any misses/misinterpretations should be within a reasonable margin and shouldn't significantly impact the overall alignment with the job.

- Download in **PDF/Docx** formats or send for review

Edit, refine, and export in minutes

Cover Letter Builder

Directional. Tailored. Resume-based

Create cover letters rooted in resume and tailored to target jobs

- Generate first draft directly from the dashboard
- Expand with your voice based on AI directions for each para
- **JD-based gap analysis**; download in PDF/Docx formats

Create a role-matched cover letter

The screenshot displays the 'Cover Letter Builder' interface. On the left, a resume template is shown with sections for 'Name Surname', 'Professional Title', 'SUMMARY', 'KEY SKILLS', 'TECHNICAL SKILLS', 'PROFESSIONAL EXPERIENCE', and 'EDUCATION'. The right sidebar, titled 'RESUME #1', shows the resume is 'Modified: 3 Sep 2025, 18:17' and 'Resume 6'. Below this, there are five action buttons: 'Edit' (pencil icon), 'Make A Copy' (document icon), 'Download' (download icon), 'Delete' (trash icon), and 'Generate Cover Letter' (document with plus icon). At the bottom of the sidebar is a 'Finalize Resume' button with a document icon.

Complement tailored resumes with unique cover letters
