#### April 15

Target date for ALL students to have completed fall registration

#### June 30

Payment due for fall 2026

#### Important emails forthcoming:

#### February 20

Registration procedures emailed

Emails will be sent from:  
universityregistrar@highpoint.edu

# Registration News

Dear Students,

It's time to start thinking about your courses for Fall 2026. Additional information will be sent on February 20, but for now, please pay close attention to the important dates noted on this page.

**Danny K. Brooks**, Assistant Vice President & University Registrar

**Tutorials on Student Planning:** <https://myaccount.highpoint.edu/Student/>

#### Commonly asked questions:

1. **My date and time are wrong?** Registration date and time are set based upon your completed credits at the beginning of the semester. If you took credits over the summer or study abroad at another institution and transferred those to HPU they may not be included depending on when the transcript was received.

2. **How do I know if I have completed registration?** Once you have successfully registered for YOUR courses, they will turn **GREEN** and have a check mark in the left corner of the course box.

**Important: If you do not see the green box, YOU ARE NOT REGISTERED!**

#### Plan – Meet – Register. It's as simple as 1-2-3

You will need to (1) 'plan' your courses, next (2) 'meet' with your advisor for approval, then at your assigned *permission to register time*, you will (3) 'register' for your courses.

Closer to your registration day, you will receive a 'PERMISSION TO REGISTER' email from the University Registrar which will give you a specific day and time to begin registration. Please check your HPU email regularly.

**IMPORTANT: Fall and summer registration begins on March 17 for students with 96+ credits earned.**
