

**Thank you for choosing High Point University Student Health Center
for your allergy injection care.**

Please be advised: Before we can accept the transfer of your allergy serum, the following documentation is required:

- **Recent injection record:** If you are beginning allergy treatment, you must have received at least two initial injections from your allergist's office. These should be documented across a minimum of two separate visits.
- **Injection schedule:** Include schedule/protocols for managing missed or late doses during both the buildup and maintenance phases.
- **Dosage adjustment guidelines:** Specify any changes recommended in response to local reactions.
- **Completed and signed *Student Allergy Injection Information and Consent Form*:** This must be signed by the student/patient.
