# Creating a 4 Year Plan

**HIGH POINT  
UNIVERSITY**  
THE PREMIER LIFE SKILLS UNIVERSITY

Mapping out your plan is a critical part of your academic journey. In order to achieve your academic goals you need to understand what your requirements are, and a timeline to complete them. Use this form to help you map out a possible path to completing your goals. Refer to your progress in Student Planning and check in with your Success Coach/Advisor for assistance mapping out a plan.

Make sure that you account for all General Education Requirements as well as Major and Minor requirements when mapping out your courses. Please note: Not all courses are offered every semester or over the summer terms. Plan for flexibility when possible.

*Creating a 4 year plan does not guarantee that you will be able to complete certain courses in certain terms. You will have to consult the course catalog for course offerings. The Office of Student Success does not guarantee that you will be able to complete all of your academic goals in 4 years; however, we will work with you to realistically create a plan to achieve your goals.*
