### To the Cast

Congratulations. This show has been a challenging puzzle to piece together with 20 scenes and 60 characters. It's taken me about 6 hours to map out the show, so thanks for your patience in posting this list. Inevitably, we may need to make some minor adjustments as we put the show on its feet. If you are listed as "Actor", that means you are playing one of the narrators in multiple scenes (which I will delineate at our first meeting sometime this week).

There are also multiple scenes where the entire ensemble will be utilized. There will be plenty of acting opportunities for everyone. We will be meeting for 1-2 hours one night this week to discuss dialect and distribute scripts. Be on the lookout for an email from your Stage Manager, Isabella Siegel.

### To all who auditioned

Thank you for your hard work at auditions and call-backs. I wish I could have cast all of you. I saw some fine work this week and you should all feel proud of your accomplishments.
